## RESEARCH POLICY

Our Branch does not guarantee to undertake research, even for members. Letters received by our research co-ordinator will be read at two regular meetings and hopefully a member will respond. Our research co-ordinator will check readily available sources.

.....

## CEMETERY PROJECT

The Ontario Genealogical Society aims to transcribe the inscriptions on gravestones in Ontario burial grounds. In Huron County, we have well over 100 known burial grounds, and all have been transcribed and published.

.....

## CENSUS PROJECT

O.G.S., through the branches, has indexed the 1871 Ontario census returns (heads of households only). Copies of the index will be available on microfilm and in separate county publications.

.....

## CAN YOU HELP ???

If you have items of interest to Huron County members, we would be pleased to house them with our collection, or make photocopies to increase their accessibility to others. We are very interested in: family charts; scrap books; school yearbooks; town or township histories; church or burial records; or any other material of genealogical or historical significance.

.....

## REFERENCE LIBRARY

Our collection includes: genealogical and historical books; periodicals; manuscripts; maps; atlases; directories; cemetery transcriptions; and a unique collection of family histories and lineage charts. Holdings are loaned to branch members on a monthly basis. The Library is non-circulating except to local members. It is located at the Log Cabin adjacent to the Huron County Pioneer Museum. Please notify the Branch by letter if you desire an appointment one week in advance.

Mail and donations should be sent to the Branch address.
