SPECIAL NOTE FOR COMPUTER USERS

In this digital revision, I did not update the pages to the bride's index to reflect the latest changes. This, I felt, was not necessary since, it is simple and quick to find any names on a computer by simply holding the Control key and typing the letter "f" then type the name you are searching for. Suggestion: type the last name first, then a comma, then a first name. Continue until you Have either found what you are looking for or exhausted the search. Use French spellings only. Also, page breaks are not always the same in various versions of Microsoft Word. If you wish to print one or more pages for yourself, you can make your own page breaks wherever you wish.

EXPLANATORY NOTES

NOTE 1: *Italics* = information not in the St. Joseph parish registers, corrections in the spelling of given names, or information gathered from death or other civil and church records. Exception: see NOTE 8.

NOTE 2: an exclamation mark "!" indicates that the information added is probable but is not fully supported by other records or information.

NOTE 3: John Bapst (abbreviated Jn. Bapst in most entries) was a Roman Catholic Jesuit missionary priest ministering to the Catholics in the Bangor-Old Town area and occasionally as far as Waterville and Greenville in the 1840's until his death in 1887.

NOTE 4: In some cases, particularly from 1885, when St.Mary's parish was started in Orono, some marriages were recorded in both Orono and Old Town since the priests of Old Town occasionally performed ceremonies at both locations. For example, on a number of occasions, Father Edouard Genereux recorded marriages of the same couple at both loca-tions. However, I have listed only one. Such couples may have been married in the other town instead.

NOTE 5: The correctly spelled French names are listed in CAPITAL letters, while the Anglicized and misspelled names are in parenthesis in lower-case letters.

NOTE 6: The pre-1862 Catholic marriages in Old Town were usually performed by a priest from Bangor. Old Town was a mission of Bangor prior to the establishment of St. Joseph's parish in 1862.

NOTE 7: Many of the early civil records include more information on particular individuals than the church registers of the time, such as age (from which I derived the probable year of birth), place of origin and names of parents, all of which helps in identi-fying their ancestry. However, I have included all of this data for the Franco-American marriages only.

NOTE 8: A number of marriages performed at St.Joseph's in Old Town do not appear in the parish's registers. These marriages were obtained from the civil registers which give the name of the priest who officiated. Many most likely appear in St.Mary's early register prior to St.Mary's official dedication in 1888. See also NOTE 4.

HOW TO READ THE MARRIAGE RECORD EXTRACTS

Below, are four examples of marriage records listed herein:

1. BÉLANGER (Baker)

- John-B. m. 07 Jul 1902 BLANCHETTE, Adélia Old Town(St.Jos.)
(Magloire & Céline Audet) (Magloire & Taïse/Adélaïde Bélanger)
dit Lapointe of Lakeview, Me.) (b. St.Roch, PQ b. St.Épiphane, PQ)

BÉLANGER represents the surname/family name of the groom. **Baker** is the Anglicized version of the name which many Bélangers adopted. The Bakers who are traced to the Bélanger line are listed under their French spelling.

John-B. (actually, Jean-Baptiste) is the groom's given name. His full name is Jean-Baptiste Bélanger. His parents are listed below in smaller print as: Magloire Bélanger and Céline Audet. Magloire also went by the name of "John," and his wife, Céline also went, at times, by the surname "Lapointe." Many Audets went by the name of Lapointe.

In Canadian records and some US records, the surname is sometimes written as "Audet dit Lapointe" meaning "Audet so-called Lapointe." The town of Lakeview, Maine is where John was probably born and perhaps where his parents were married.

John-B. married Adélie BLANCHETTE on July 7, 1902 at St.Joseph's church in Old Town, Maine.

Adélie BLANCHETTE was the daughter of Magloire Blanchette and Adélaïde Bélanger. Adélaïde appears in some records with the name Taïse, which is probably a nickname. Her father, Magloire was born at St.Roch, PQ, and her mother at St.Épiphane, PQ.

2. VIOLETTE

- Lézime m. 10 Oct 1893 DICK, Marguerite "Maggie" Orono(St.Mary)
(b. 1868) (b. 1873-4)
(_ Denis & Philomène Cyr (Frank & _____ King/Roy)
of Van Buren) of Van Buren)

In this example, Lézime was born in 1868, and his wife in 1873 or 1874. These dates were obtained from the US census records. The triangle "_" before his parents' names indicates that their marriage is listed in Section IV. From this point, it is usually fairly simple to trace their ancestors.

Marguerite Dick's mother's given name is not listed in the civil record, therefore it is represented by a space "_____."

3. MARQUIS

- Zéphirin int. 07 Jan 1862 ROUSSEAU, Mary (Brooks) Old Town
"Freeman" m. 09 Jan 1862 " " Bangor(Rev.Walsh)

Zéphirin went by the name of "Freeman" and his wife as Mary "Brooks."
Their marriage intensions were filed at Old Town two days before they were married in Bangor by the Reverend Thomas Walsh.

4. MICHAUD

- Frs.-*Benjamin* m. 09 Nov 1879 BOUCHER, Zilda Old Town(St.Jos.)
"Frank" (b. 1855 Ft.Kent) "Sarah Bush" (b. 1855 Orono)
(_ Benjamin & Sophie *Chouinard*) (Pierre-Napoléon & Honorine _____)
(wit: Éloi Michaud & Mary King/Roy)

Zilda BOUCHER appears in the civil records as "Sarah Bush." Her mother's maiden name is not given in either the civil or church records. The witnesses to the church wedding were Éloi Michaud and Mary King (most likely *Roy*). The *italics* means that this name or spelling does not appear in that record but is based on other information.

SECTION II

HISTORY OF ST. JOSEPH'S PARISH

The earliest Roman Catholics in the Old Town area were without any church. However, as early as 1830, they were ministered to by missionaries and pastors from Indian Island and St. Michael's of Bangor such as Father John Bapst, SJ (1816-1887), a Jesuit priest who originated from Switzerland, John Force, his assistant, b. 1822 in Massachusetts, and the Revs. Thomas O'Sullivan and Michael Caraher. The first Catholic church in Old Town was a wooden structure built in 1852 near the present Diamond International paper mill in Great Works. Due to difficulties in the winter, the church was physically moved in 1879 to a more central location - namely, on Water Street, just across from the present church. St. Joseph's was established as a parish in the Diocese of Portland in 1862 and pastors and assistants were assigned from then on. In 1890, the church was remodeled.

The first pastor was Jean-Jacques Nicolin (1802-1869) of France who had served as the first pastor (1855-1862) of Waterville's earliest church (St. John's built in 1851/2, now St. Francis-de-Sales). In 1880, the Rev. Narcisse Charland administered St. Joseph's for a few months before being assigned as pastor of St. Francis-de-Sales in Waterville. Rev. François-Xavier Trudel was pastor of St. Joseph's from 1880 until his death on January 16, 1917. Under his care and direction, the present church was built in 1903. The early pastors and assistants had a large area to cover since there were few Catholic churches outside the area. They had missions in Greenville, Dover-Foxcroft, Brownville, Bradley, Lincoln, Orono, and other towns and villages until parishes were established at or near those locations. They had to travel by horse or by horse-drawn buggy in those days - with many hardships in the winter time.

In 1885, Msgr. Trudel had a combination convent-school built and was staffed by the Sisters of Mercy. At that time, the total Catholic population was about 1,000. By 1890, there were 2,500 parishioners at St. Joseph's. It was soon recognized that a larger sanctuary was needed to serve the ever-growing Catholic population, so the church was enlarged, and in 1903, a new and larger brick structure was begun across the street.

St. Joseph's, like St. Francis-de-Sales in Waterville and a number of other Catholic churches in Maine urban areas, was primarily a French parish. Not including the French parishes in the St. John valley (northern Aroostook county) St. Joseph's is the second oldest French parish in Maine, preceded by only about one year by St. John's of Waterville. In the 1920's, only one sermon was preached in English. The non-French-speaking Catholics wanted to establish their own English-speaking parish, which they got in 1928 when St. Mary's was built and consecrated. St. Joseph's ministered to some 3,000 souls by 1948.

During Father Laverdière's pastorate, the old rectory (built in 1893) was moved to a spot closer to the school. It was remodeled, enlarged and was eventually converted into a residence for the Sisters of Mercy. The present rectory was also begun during that period. Father Laverdière died before the rectory was completed. Father Wilfrid Ouellette oversaw the building of the elementary school.

Following the spirit of the Second Vatican Council, a series of major renovations were made in the sanctuary, including wall-to-wall carpeting, a new altar facing the people, a new tabernacle and a new baptismal font.

In December 1992, under the leadership of Father Morrison, St. Joseph and St. Mary were united into a single Catholic community as the Holy Family parish.

SECTION VIII

EARLIEST FRANCO-AMERICAN FAMILIES in the Old Town Area

French-Canadians and Acadians were present in small numbers in the Old Town area as early as the 1830's. Most of these early settlers came to work as laborers in the woods. As evidenced from the genealogical record, they came primarily from small towns in Aroostook county such as Van Buren, Frenchville, Caribou, Grand Isle, Fort Kent, and Madawaska, and from New Brunswick towns such as St.Basile, St.Hilaire, Parent, Grand Sault (Grand Falls), Edmundston, St.Leonard, and Drummond. Others came from towns in Kamouraska, Rivière-du-Loup, and Rimouski counties of Québec Province. Later, others arrived from Prince Edward Island, Nova Scotia, and other areas of Québec Province. The majority of them came with their families. Some of those who came eventually moved on to other towns in Maine. Few went back to their home of origin as conditions, at that time, were more harsh there than in Maine.

The 1840 US census lists seven Franco families in Old Town as follows:

1. Levi (Olivier) NADEAU age 50-59, wife! 50-59, four males 20-29, one male 10-14, one male 5-9, one male under 5, two females 15-19, one female 5-9, and one female under 5. Total household = 13
2. Joseph VACHON age 50-59, wife! 50-59, three males 40-49, one males 10-14, two males 5-9, one males under 5, one female 30-39, one female 10-14, one female under 5. Total household = 12
3. William DEVEAUX age 50-59, wife ! 50-59, two males 40-49, one male 10-14, two males under 5, one female 10-14, two females 5-9. Total household = 10
4. Charles PELLETIER age 60-69, one male 15-19, one female 20-29, one female under 5. Total household = 4
5. Joseph ANTOINE age 50-59, wife ! 50-59, one male 40-49, one female 15-19, one male under 5, two females 10-14, two females 5-9. Total household = 9
6. William DEVEAUX, Jr. age 50-59, wife (*Félicité*) 50-59, another male 50-59, one female 10-14, one female under 5, one male 5-9, one male under 5. Total = 7
7. Pierre DOLEAUX age 50-59, wife ! 50-59, four males 40-49, two males 15-19, one male 10-14, two males 5-9, two males under 5, one female 30-39, one female 20-29, two females 15-19, and one female 10-14. Total household = 18

Grand total present and accounted for in the 1840 census= 73

The 1840 US census lists two Franco families in Orono as follows:

1. Joseph MICHAUD age 40-49, wife ! 40-49, one male 10-14, one male 5-9, one male under 5, one female 15-19, one female 10-14, one female 5-9. Total = 8
2. John MICHAUD age 30-39, wife ! 20-29, one male under 5. Total household = 3

Grand total present and accounted for in the 1840 census= 11

In conclusion, it is safe to say that there were about 100 Franco-Americans living in the Old Town-Orono area in 1840. Bradley, Milford, Greenbush, Bangor, and Brewer also had some French families. As in other Maine towns, the largest migration of French-Canadians and Acadians to Maine towns was in the 1870-1890 period when cotton, woolen and paper mills were established. The towns, businesses, schools and churches expanded rapidly. The railroads arrived and new buildings, roads, bridges and dams were built.

ACKNOWLEDGEMENTS

I wish to thank Father James J. Morrison and Mrs. Kenneth Sirois (Charlene Sanborn), secretary of St. Joseph's and St. Mary's parishes, for their enthusiastic support and cooperation who made this important historical and genealogical reference possible. Many thanks to the Old Town businesses and organizations who, without their financial support, this book could not have been published or made available for a reasonable price. I also wish to give my thanks and appreciation to a colleague, Mr. Léon Guimond of Frenchville, Maine, one of Maine's leading Franco-American genealogists, for his assistance in identifying the ancestry of a number of the Aroostook county and New Brunswick families whose descendants were married in Old Town.

I have researched, prepared, and carefully checked the information within this volume so as to have an accurate transcript of the original records and to preclude any major errors. My apologies if there are such errors. Name and date errors occasionally appear even in the original records in which, once made, we have no control.

To the people of Old Town: this is YOUR book; these are YOUR people.

About the Author

Robert "Bob" Chenard is a native of Waterville, Maine, and a graduate of local schools and of the University of Maine, class of 1964. A former high school teacher, a US Army officer serving in France and West Germany in the 1960's, and a Department of Defense guided missile, nuclear weapons, and explosives specialist, instructor and supervisor for 23 years, he is now actively dedicated in preparing various volumes on the subject of Franco-American genealogy in Central Maine. He has published several articles in the Central Maine Morning Sentinel on this subject, and has regular genealogical articles in the FAROG Forum published by the Franco-American Center of the University of Maine. Some of his research is available at the Maine State Library and Archives in Augusta, Maine. In addition, some of his work has been published in the Connecticut Maple Leaf and he has been quoted in Le Canado-Américain published by the Association Canado-Américaine of Manchester, NH. Bob is a member of the French-Canadian Genealogical Society of Connecticut, Inc. and a Maine State Archives genealogical researcher. He has lectured to various genealogical groups and societies on his subject. For many years, he has helped numerous persons from all parts of the United States in identifying their Franco-American and Canadian ancestors.

John-Thomas CYR ancestry

Pierre Sire (and Cyr), born in 1644 in Tourraine province in France, died in Acadia, married in 1670 at Beaubassin in Acadia (presently the Maritime Provinces of Canada) to Marie Bourgeois, daughter of Jacques Bourgeois and Jeanne Trahan. Pierre Cyr arrived in Acadia in 1666 or 1667.

Siméon LaBRIE ancestry

Pierre Naud [dit LaBrie], born around 1665 in France, was the son of Jean Nau, a merchant, and Marie Martin from the town of Brie-s/s-Matha, diocese of Saintes in the ancient province of Saintonge, France. On 6 Oct 1692 at St.Laurent, Ile d'Orléans, PQ, Pierre married Marie-Thérèse Garant, born 1672 in Québec, died 1715 in Québec, the daughter of Pierre Garant and Renée Chamfrin. On 20 April 1716 at St.Michel, Pierre married a second time the Marie-Jeanne Gaboury, born 1682 in Québec, died 1731 in Québec, the widow of Antoine Goupy and the daughter of Louis Gaboury and Nicole Soulard. Brie-s/s-Matha is physically located 9 miles east-northeast of the city of Saintes. One source (Talbot) gives his origin as Brie-s-Hatte in Saintes - probably a misreading of the name. Another source (LeBoeuf), based on the marriage contract, gives his origin as Saints-en-Brie in the province of Champagne.
