## INTRODUCTION

Attleboro is an industrial city of approximately 34,000 people and is located in Southeastern Massachusetts. It is known as "The Jewelry City." Since the 1800's, numerous immigrants have been lured to this city because of the many employment opportunities found in the jewelry factories and cloth processing mills. An early wave of immigrants came from Ireland and was followed by the French-Canadians, the Swedes, the Portuguese, the Spanish and most recently by the Asians. These hard working people provided a ready labor source for Attleboro's many factories and have blended into the "melting pot" which is America.

- |                             |                   |                                    |
|-----------------------------|-------------------|------------------------------------|
| 1. St Joseph's church       | 4. Coopers Pond   | 7. St John the Evangelist's church |
| 2. Dodgeville Pond          | 5. Mechanics Pond | 8. Penn Central Railroad           |
| 3. Finberg Field Playground | 6. Ten Mile River |                                    |

It is not surprising that as one wave of immigrants followed another, changes would result which would impact on the cultural and religious life of the area.

St. Joseph's Catholic Church was founded on September 19, 1905 to serve the French-Canadian families that had settled in the Attleboro area. Bishop Stang assigned Rev. Napoleon Messier as the first Pastor.

In the beginning, Rev. Messier celebrated Mass in a rented facility in the Second Congregational Church. He eventually purchased land on the corner of South Main Street and Maple Street and the building of the church's basement was started in July of 1906. The cornerstone of the church was erected on October 7, 1906.

Under Rev. Messier's direction, the parish grew from 180 families to 370 families - this in just five years. A school and convent were also added to the church holdings. Franco-Americans in Attleboro could now enjoy the opportunity to attend Mass said in their own French language.

St. Joseph's Church has been served by the following priests: Rev. Napoleon Messier 1905-1910; Rev. Arthur Savoie 1910-1913; Rev. Antoine Berube 1913-1933; Rev. Philius Jalbert 1933-1937; Rev. Albert Masse 1937-1950; Rev. Anatole Desmarais 1950-1953; Rev. Ubald Denault 1953-1970; Rev. Roger Poirier 1970-1974; Rev. Ernest Bessette 1974-1981; Rev. Roger Levesque 1981-1983; and Rev. Paul Canuel 1983-1988.

During the 83 years that St. Joseph's Church has served the Attleboro community, there have been changes that have taken place. In 1972, after 63 years of service, St. Joseph's School closed. Then in 1976, St. Joseph's Church was designated as the Liturgical Center for Hispanic activity in the Attleboro area.

Still a predominantly Franco-American parish, St. Joseph's Church continues to flourish. Its parishioners still represent the hard working, devoted people who petitioned their Bishop so many years ago for a church of their own.

A.F.G.S. is proud to present this latest edition in its growing collection of Franco-American resources. We have made every effort to present complete and accurate information. Various spellings should be checked when looking for a name as we have noticed some discrepancies in how these names were spelled by various priests. Records which were incomplete were checked with the many other records at our Society including marriage repertoires, funeral home records, cemetery records and when possible, at City Hall.

We extend a thank-you to: Henri Paradis who obtained permission for us to copy the records; Armand Letourneau, Mary Letourneau and Henri Paradis who copied the records; Armand Letourneau who typed the records on his computer; Janice Burkhart and Henri Paradis who spent many hours at Attleboro City Hall checking on missing information; Lucile McDonald who did the many edits of the manuscript; Henri Paradis who provided information about the history of the parish; Janice Burkhart who completed the final edit and oversaw the project; Paul Delisle who printed the book; Lucile McDonald and Lawrence Choiniere who collated the book; Lucile McDonald, Lawrence Choiniere and Roland Boulaine who bound the book and all the society members who volunteered their time to help complete the project. Every effort has been made to provide a clear, accurate tool for your use. Constructive criticism, additions and/or deletions may be sent to:

## WHAT IS THE AMERICAN-FRENCH GENEALOGICAL SOCIETY?

The American-French Genealogical Society was formed in February of 1978 as a non-profit genealogical and historical society devoted to people of French Canadian extraction. Its purpose is to study and preserve the rich Franco-American heritage by assisting its members in discovering their ancestors and the daily events that shaped their lives.

The Society is actively involved in extracting, collating and publishing Franco-American vital statistics, parish registers, burial records, and other data consistent with the preservation of the Franco-American culture. From time to time French lessons are given. The Society is also actively involved with the National Park Museum which has been established in Woonsocket and has cooperated in several projects with the Park staff. In addition the Society participates, along with 24 other genealogical societies, in the very successful New England Regional Genealogical Conference which is held every 18 months.

A.F.G.S. offers many other attractions. Weekly research sessions are held at our library which is located in Woonsocket, RI every Monday from noon to 4 P.M., every Tuesday from 1 P.M. to 10 P. M., and the first and third Saturday of each month from September to June. An annual business meeting and election of officers is held each October. A semi annual publication, "JE ME SOUVIENS", (written in English), is sent to each society member. This publication is 100 plus pages and is very informative. The Society also publishes six newsletters, "AFGnews", each year.

The A.F.G.S. library has close to 10,000 volumes devoted to history, family biography, research, and birth, marriage and death statistics. A Research Committee comprised of experienced researchers is available to assist members who are unable to conduct their own research. The Loiselle, Rivest, Fabien and Forget Files are available to assist in the search for those particularly difficult marriages that may be eluding you. The Society also owns all four Drouin collections as well as the prestigious and unique Drouin Institute film which comprises all of the births, marriages and deaths recorded in Quebec and other French speaking parts of Canada through the year 1940. In addition, assorted microfilm from Canada, Vermont, Rhode Island, New Hampshire and Massachusetts are available for use in the library. A new Lending Library service makes valuable resources available to members living far from Woonsocket and the library. A large collection of Franco-American marriage notices, anniversary announcements and obituaries have been gathered from across the country. (There are also projects that members across the country are helping the society to complete.)

If you are interested in joining A.F.G.S. or would like more information, please write to:
