WHAT IS THE AMERICAN-FRENCH GENEALOGICAL SOCIETY?

The American-French Genealogical Society was formed in February of 1978 as a non-profit genealogical and historical society devoted to people of French Canadian extraction. Its purpose is to study and preserve the rich Franco-American heritage by assisting its members in discovering their ancestors and the daily events that shaped their lives.

The Society is actively involved in extracting, collating and publishing Franco-American vital statistics, parish registers, burial records, and other data consistent with the preservation of the Franco-American culture. From time to time French lessons are given. The Society is also actively involved with the National Park Museum which has been established in Woonsocket and has cooperated in several projects with the Park staff. In addition the Society participates, along with 24 other genealogical societies, in the very successful New England Regional Genealogical Conference which is held every 18 months.

A.F.G.S. offers many other attractions. Weekly research sessions are held at our library in Woonsocket, RI each Monday from 11 am to 4 pm; Tuesday from 1 pm to 9 pm; and on Saturdays, 10 am to 4 pm, from September to June. An annual business meeting and election of officers is held each October. A semi-annual publication, "**JE ME SOUVIENS**", (written in English), is sent to each society member. This publication is 100 plus pages and is very informative. The Society also publishes six newsletters, "AFGnews", each year.

The A.F.G.S. library has more than 10,000 volumes devoted to history, family history, biography, reference, and birth, marriage and death statistics. The Research Committee, comprised of experienced researchers, is available to assist members who are unable to conduct their own research. The Loiselle, Rivest, Fabien and Forget Files are available to assist in the search for those particularly difficult marriages that may be eluding you. The Society also owns all four Drouin collections as well as the prestigious and unique Drouin Institute film which comprises all of the births, marriages and deaths recorded in Quebec and other French speaking parts of Canada through the year 1940. In addition, assorted microfilm from Canada, Vermont, Rhode Island, New Hampshire and Massachusetts are available for use in the library. A new Lending Library service makes valuable resources available to members living far from Woonsocket and the library. A large collection of Franco-American marriage notices, anniversary announcements and obituaries have been gathered from across the country. (There are also projects that members across the country are helping the society to complete.)
