WHAT IS THE AMERICAN-FRENCH GENEALOGICAL SOCIETY?

The American-French Genealogical Society was formed in February of 1978 as a non-profit genealogical and historical society devoted to people of French Canadian extraction. Its purpose is to study and preserve the rich Franco-American heritage by assisting its members in discovering their ancestors and the daily events that shaped their lives.

The Society is actively involved in extracting, collating and publishing Franco-American vital statistics, parish registers, burial records, and other data consistent with the preservation of the Franco-American culture. From time to time French lessons are given. The Society is also actively involved with the National Park Museum which has been established in Woonsocket and has cooperated in several projects with the Park staff. In addition the Society participates, along with 24 other genealogical societies, in the very successful New England Regional Genealogical Conference which is held every 18 months.

A.F.G.S. offers many other attractions. Weekly research sessions are held at our library in Woonsocket, RI each Monday from 11 am to 4 pm; Tuesday from 1 pm to 9 pm; and on Saturdays, 10 am to 4 pm, from September to June. An annual business meeting and election of officers is held each October. A semi-annual publication, "**JE ME SOUVIENS**", (written in English), is sent to each society member. This publication is 100 plus pages and is very informative. The Society also publishes six newsletters, "AFGnewS", each year.

The A.F.G.S. library has more than 10,000 volumes devoted to history, family history, biography, reference, and birth, marriage and death statistics. The Research Committee, comprised of experienced researchers, is available to assist members who are unable to conduct their own research. The Loiselle, Rivest, Fabien and Forget Files are available to assist in the search for those particularly difficult marriages that may be eluding you. The Society also owns all four Drouin collections as well as the prestigious and unique Drouin Institute film which comprises all of the births, marriages and deaths recorded in Quebec and other French speaking parts of Canada through the year 1940. In addition, assorted microfilm from Canada, Vermont, Rhode Island, New Hampshire and Massachusetts are available for use in the library. A new Lending Library service makes valuable resources available to members living far from Woonsocket and the library. A large collection of Franco-American marriage notices, anniversary announcements and obituaries have been gathered from across the country. (There are also projects that members across the country are helping the society to complete.)

Give us a try! We think you will be impressed.

INTRODUCTION

Warren is a small town located in Worcester County, Massachusetts. It was first settled in 1664 and became incorporated in January 6, 1742. Originally part of Quaboag Plantation, it was a part of Brookfield for 68 years when in 1741, it

was renamed Western. Then in 1834, it was again renamed because it was discovered that there already was another town in Massachusetts named Western. This time it was named Warren in honor of General Joseph Warren who died during the Battle of Bunker Hill during the American Revolution.

Warren has approximately 27.6 square miles of area. The Quaboag River runs through it. According to Hayward's New England Gazetteer of 1839, Warren had two woolen mills, one cotton mill, a scythe factory and also manufactured palm-leaf hats. It was also reported that the town had many sheep.

These records were gathered from available civil records, town reports, church records, and other materials housed at the American-French Genealogical Society's library located in Woonsocket, RI. Every effort has been made to accurately report that information in this book. This book should, however, be regarded as a secondary source and, whenever possible, this work should guide the researcher to the primary source which is of course, the final word.

We extend a thank-you to: Barbara Smith who did an enormous amount of work gathering information for this book; David Coutu and Jean-Marie Hebert who typed the records on their computers; Lucile McDonald and David Coutu who edited the manuscript; Jan Burkhart who printed the final draft; Janice Burkhart who completed the final edit and oversaw the project; Lucile McDonald who printed the book; Lucile McDonald who collated and bound the books; and all the society members who volunteered their time to help complete the project. Every effort has been made to provide a clear, accurate tool for your use. Constructive criticism, additions and/or deletions may be sent to:
