**Our Lady of the Lakes**  
Lakeport (Laconia), New Hampshire

The Catholic Church in Lakeport was originally established in 1856 as a mission of All Saints Parish in Lancaster. Mass was celebrated in the Grand Army of the Republic building at Lakeport dam. In 1871 the Lakeport Church became a mission of St. Joseph Parish in Laconia.

Our Lady of the Lakes was established as a parish in 1905. The original church was built in 1905-1906 at the northeast corner of Fairmont and Washington Streets. Bishop Guertin dedicated this first church on June 23, 1907. Today this is the site of the parish hall parking lot. The Pastor lived at the Sacred Heart Parish for the first year or two. In May 1907 the house at 43 Washington Street was acquired as the rectory. Today this is the site of the *New-To-You Shop*. In the early 1900s the gymnasium was built at the rear of 43 Washington Street.

The present rectory at 50 Washington Street was purchased in July 1960 and was occupied by the Pastor in January 1961. The building at 43 Washington Street became a convent for the newly arrived Filippini Sisters in September 1962 with 31 students. In 1971 the parish school closed and the Filippini Sisters were withdrawn.

The site of the present church was acquired in March 1964. Construction of the new building with six classrooms below was completed in 1966. On July 24, 1966 the new church was dedicated. In the spring of 1966 the old church building was demolished and the final lot on Fairmont Street was acquired for expansion of the gymnasium. An addition to the gym was built in 1967. The parish center and Saint Francis Chapel are located in this addition.

## HOW TO USE THIS BOOK

This baptism repertoire contains 2,505 baptismal and birth records that took place at Our Lady of the Lakes in Lakeport (Laconia) from December 23 1928 through June 12, 1997. The first register of this parish is unavailable and presumed lost.

As is our policy when producing baptism indexes, we study all records to be able to omit any illegitimacies. From the marginal notes, we extract all pertinent genealogical information such as a marriage entry including the name of the spouse, the date and the place of the marriage.

Names are reproduced as they are entered in the original record. It is through baptismal records that many genealogists find out a parent or grandparent was baptized with an entirely different first name than the one by which they were known for a lifetime.

If a researcher is relatively certain that a baptism should have been included in this register, it is the researcher's responsibility to pursue the details in the original register with the permission of the parish priest.

The *American-Canadian Genealogical Society* is the sole proprietor of this repertoire. This book cannot be reproduced in any format for the purposes of resale
