**Our Lady of the Lakes**  
Lakeport (Laconia), New Hampshire

The Catholic Church in Lakeport was originally established in 1856 as a mission of All Saints Parish in Lancaster. Mass was celebrated in the Grand Army of the Republic building at Lakeport dam. In 1871 the Lakeport Church became a mission of St. Joseph Parish in Laconia.

Our Lady of the Lakes was established as a parish in 1905. The original church was built in 1905-1906 at the northeast corner of Fairmont and Washington Streets. Bishop Guertin dedicated this first church on June 23, 1907. Today this is the site of the parish hall parking lot. The Pastor lived at the Sacred Heart Parish for the first year or two. In May 1907 the house at 43 Washington Street was acquired as the rectory. Today this is the site of the *New-To-You Shop*. In the early 1900s the gymnasium was built at the rear of 43 Washington Street.

The present rectory at 50 Washington Street was purchased in July 1960 and was occupied by the Pastor in January 1961. The building at 43 Washington Street became a convent for the newly arrived Filippini Sisters in September 1962 with 31 students. In 1971 the parish school closed and the Filippini Sisters were withdrawn.

The site of the present church was acquired in March 1964. Construction of the new building with six classrooms below was completed in 1966. On July 24, 1966 the new church was dedicated. In the spring of 1966 the old church building was demolished and the final lot on Fairmont Street was acquired for expansion of the gymnasium. An addition to the gym was built in 1967. The parish center and Saint Francis Chapel are located in this addition.

## FROM THE PUBLISHER

Our thanks to member, Jean Guy **Sauvé** for contacting pastor, Rev. George J. **Soberick** and obtaining permission from him to extract the records of this parish in Lakeport, New Hampshire. Together with the help of the parish secretary, Susan **Gagnon**, the records and history of Our Lady of the Lakes was presented to the *American-Canadian Genealogical Society* to begin our work in producing a *répertoire* of these marriages, none of which could have been accomplished without the enumerable hours of the dedicated volunteers listed below:

## HOW TO USE THIS BOOK

This marriage repertoire contains 1,115 marriages which took place from September 1905 through December 1996. As is our policy when producing marriage indexes, we duplicate our database and reverse the order of the data in each record so that the primary person is the bride. These two databases are then merged and re-sorted alphabetically giving us a total of 2,230 entries. This, in effect, will put family groupings together and eliminates having to index the brides under their maiden name along with the name of the man they married. The surname of the father of the bride and groom is not repeated when listing parents unless it is different than the spouse in the marriage, as can happen with women who have married more than once.

As is the practice in Canada, women will be listed by their maiden name with their previous married name in parentheses. If there is doubt and the father's surname is not apparent, we enter the record in its original format, leaving the researcher to his or her own devices for determining a person's name at birth.

It is also the policy of the ACGS not to divulge illegitimacies which are sometimes indicated in a marriage record. If one of the persons getting married indicates that parents are 'unknown' or there is indication of an illegitimacy, we also omit the parents of the legitimate person. It is up to the researcher's discretion to pursue this marriage record in the civil records or with the church.
