# BLESSED SACRAMENT CHURCH

Capuchin-Franciscan Friars

Manchester, New Hampshire

## **BLESSED SACRAMENT CHURCH**

Manchester, New Hampshire

*(Publisher's Note: Following information is from the Diamond Jubilee booklet published by the parish in 1982.)*

Blessed Sacrament Church was established 6 November 1907 to accommodate the increasing Irish Catholic population of south Manchester in the area known as Bakersville. This area was under the jurisdiction of St-Joseph's Cathedral Parish. The distance from the Cathedral was a handicap for the faithful who walked to church.

At first, Blessed Sacrament was a mission of St-Francis of Assisi Parish in Goffs Falls. Later the situation was reversed and St-Francis became a mission of Blessed Sacrament.

The parish was organized by Father Francis Lyons who was born 16 April 1871, ordained 8 June 1895 and died 2 June 1932. He was educated at St-Sulpice Seminary in Paris. Here he learned to speak French, a skill which brought comfort to his Franco-American parishioners. Father Lyons built the first church in 1908 at a cost of \$5000. Edward Tate served as caretaker of the property.

Father William Cavanaugh was the second pastor. Although he worked during the Great Depression, Father Cavanaugh was able to raise money to build a new church with is the present edifice. It was dedicated on 11 November 1934 by Bishop John B. Peterson. The old church on the corner of Baker and South Elm Streets became the parish social center.

The third pastor was Father Walter Dee, named in 1941. The war years were difficult ones for the parish with many men killed and wounded. Father Dee constructed an elementary school which opened in 1950.

The elementary school was staffed by Sisters of Mercy with the help of Rita Flanders, and Dorothy Healey, lay teachers. Five Sisters of Mercy served as principals: Mary Henry, Mary Donald, Mary Christine, Mary Henriette and Mary Thomas.

Father Thomas Mason was the fourth pastor, beginning in 1962. During his pastorate, the school mortgage was burned, the new rectory was built in 1967 and the parish center was completed in 1972.

Father John Sullivan became pastor in 1973. This was a time of liturgical changes and Father Sullivan urged his parish to view itself as a family as well as a church.

Father John Moran was named sixth pastor in 1976. During his years, he renovated the church sanctuary and paid off more than \$60,000 on the parish debt.

In the spring of 1979, Bishop Odore Gendron asked the Capuchin-franciscan Friars of the Province of St-Mary of New York & New England to staff a Manchester parish and Blessed Sacrament was chosen. Father Sigmund L. Hafemann, OFM, became the seventh pastor and first Capuchin pastor of Blessed Sacrament. He was followed by Father Tom Wilt, 1984-1987; Father Patrick Glavin, 1987-1993 and Father John Mahoney, the current pastor.

On 16 December 1993, the American-Canadian Genealogical Society purchased the former elementary school as the permanent home for its library and administration. After modifications to the heating system, replacement of the roof and major renovations to the middle level, the Society plans to open its new facility in the Spring of 1994.

## HOW TO USE THIS REPERTOIRE

This repertoire contains marriages from 1903 to September 1992; baptisms from 1903 to December 1987 and deaths from 1938 to 8 August 1992 and has been split into two volumes.

All marriages appear twice: once under the groom's name and once under the bride's name. The listing is alphabetical first by surname of the spouse in the left hand column followed by an alphabetical arrangement of the spouse's surname in the right hand column. For example:

ADAMS, Richard Con.. 27 Jan 1973 JANOCZ, Judy  
ADAMS, Kevin Raymond 14 Feb 1969 MCMILLAN, Kathleen E

If a baptism date and place are given in the marriage record, these marginal notes will appear on the next line. If there is no baptismal data, the parents' names will follow. Note that the father's surname is not repeated since it is the same as that of the bride or groom. The witnesses' names are on the last line of each record and are indented several spaces.

The baptism and death records are sorted alphabetically by surname then given name. Whenever pertinent information appeared in marginal notes, it was included in this repertoire, except where an illegitimacy might be indicated.

If an entry was illegible, our best effort was made to deduce its contents from a baptismal, marriage or death record that might have been entered earlier or later in the parish by a different writer.

Few abbreviations have been used. OLPH means Our Lady of Perpetual Help and bs should have been converted to Blessed Sacrament.
