**SAINT RAPHAEL'S CHURCH**  
**Manchester, New Hampshire**

Bishop **Bradley** recognized a consequent need for additional priests during the first years of the new Episcopal diocese of Manchester, New Hampshire in 1884. This was particularly noticeable in the City of Manchester wherein many families from the catholic sections of Germany, the Rhine Provinces, and Bavaria had settled.

In February 1888, the new pastor, Rev. Sylvester **Yoerg**, O.S.B. arrived in the City. The first rectory and church in those early months, was the home of Mrs. Elizabeth **Lee**, where Rev. Yoerg returned each night after spending the day taking the first census of his newly established parish.

Permission was obtained for the use of the Harrington Hose Company Building on Clinton Street for the celebration of Sunday Masses. The first public mass was said in that hall on Easter Sunday, April 1, 1888. Mr. William **Alger** was the first sexton.

Father Sylvester had decided to erect a combination church and school. The site was selected and purchased, plans were drawn, the work started. The men of the parish who were ready and eager to hasten the construction of the church, dug the basement. They were most willing to contribute their financial aid and their time and strength, in order to have a fitting place in which to worship God. The next big event occurred on August 19, 1888, when the cornerstone was laid.

In 1907 Rev. P. Florian **Widman**, O.S.B. erected a large and handsome rectory at the corner of Walker and Fourth Streets.

On August 28, 1938, St. Raphael's 50 years of endeavor and accomplishment were climaxed with a Golden Jubilee celebration.

For 75 years the St. Raphael church/school building admirably served its purpose, but by 1963, the toll of the years, a growing parish population, and increasing awareness of the vital need for greater safety of the school children proved evident that it was time to construct a new church and school in separate buildings.

Rev. Raymond **Burns**, O.S.B., the pastor at that time, consulted with and received the approval of the Most Rev. Bishop, Ernest J. **Primeau** to accomplish this and a fundraising was launched for this purpose. Ground was broken for the new buildings on April 26, 1964. The new school was occupied for the first time in December, 1964 and Sunday Masses were celebrated for the first time in the new church on Mother's Day, May 9, 1965.

## FROM THE PUBLISHER

St. Raphael's Church has been served by the order of Benedictine monks who also serve St. Anselm's College in Goffstown, NH. Through his affiliation with St. Anselm's, Professor **Lawrence** began campaigning for permission to produce a *répertoire* of the records of St. Raphael's about 10 years ago. More recently, Past-President, Richard **Fortin** also made inquiries about producing an index of their records.

Father Bede **Camera**, OSB, Pastor granted such permission in the Spring of 2000. Under the guidance of the pastor and his secretary, Elaine **Lucci**, the records were given to us for the long processes which must be exercised to produce the *répertoire* you are now holding.

We are grateful to all the volunteers who worked long, tedious hours in the production of the *répertoire* you are holding.

## THIS BOOK AND ITS CONTENTS

This *répertoire* contains 8301 baptisms that took place from 02 Mar 1888 to 15 Apr 2001. As is our policy when producing a baptismal *répertoire*, we are extremely careful not to divulge illegitimacies that are less than 100 years old. If the father's last name is different than the child's being baptized, with no other explanation, we leave it out. If the child's surname is the same as the mother's and there is no explanation, we leave it out. We are diligent to include all the genealogical information in a baptismal record relative to the godparents as well. Many times, family relationships are indicated and we include this information also.

If it is an adult baptism and the date and place of birth are indicated, we most certainly incorporate that information in our extracts. If a record of someone you know should be in this *répertoire*, there was something preventing us from publishing it. Sometimes a quick perusal of the other entries with that surname will give you the answer. Otherwise, it is best you contact the church for permission to look at the original register.

The normal practice in Catholic Church is to annotate a baptismal record when the person is married in the Catholic Church. Such information is also extracted and included in the baptismal records.
