SAINT RAPHAEL'S CHURCH Manchester, New Hampshire

Bishop **Bradley** recognized a consequent need for additional priests during the first years of the new Episcopal diocese of Manchester, New Hampshire in 1884. This was particularly noticeable in the City of Manchester wherein many families from the catholic sections of Germany, the Rhine Provinces, and Bavaria had settled.

In February 1888, the new pastor, Rev. Sylvester **Yoerg**, O.S.B. arrived in the City. The first rectory and church in those early months, was the home of Mrs. Elizabeth **Lee**, where Rev. Yoerg returned each night after spending the day taking the first census of his newly established parish.

Permission was obtained for the use of the Harrington Hose Company Building on Clinton Street for the celebration of Sunday Masses. The first public mass was said in that hall on Easter Sunday, April 1, 1888. Mr. William **Alger** was the first sexton.

Father Sylvester had decided to erect a combination church and school. The site was selected and purchased, plans were drawn, the work started. The men of the parish who were ready and eager to hasten the construction of the church, dug the basement. They were most willing to contribute their financial aid and their time and strength, in order to have a fitting place in which to worship God. The next big event occurred on August 19, 1888, when the cornerstone was laid.

In 1907 Rev. P. Florian **Widman**, O.S.B. erected a large and handsome rectory at the corner of Walker and Fourth Streets.

On August 28, 1938, St. Raphael's 50 years of endeavor and accomplishment were climaxed with a Golden Jubilee celebration.

For 75 years the St. Raphael church/school building admirably served its purpose, but by 1963, the toll of the years, a growing parish population, and increasing awareness of the vital need for greater safety of the school children proved evident that it was time to construct a new church and school in separate buildings.

Rev. Raymond **Burns**, O.S.B., the pastor at that time, consulted with and received the approval of the Most Rev. Bishop, Ernest J. **Primeau** to accomplish this and a fundraising was launched for this purpose. Ground was broken for the new buildings on April 26, 1964. The new school was occupied for the first time in December, 1964 and Sunday Masses were celebrated for the first time in the new church on Mother's Day, May 9, 1965.

FROM THE PUBLISHER

St. Raphael's Church has been served by the order of Benedictine monks who also serve St. Anselm's College in Goffstown, NH. Through his affiliation with St. Anselm's, Professor **Lawrence** began campaigning for permission to produce a *répertoire* of the records of St. Raphael's about 10 years ago. More recently, Past-President, Richard **Fortin** also made inquiries about producing an index of their records.

Father Bede **Camera**, OSB, Pastor granted such permission in the Spring of 2000. Under the guidance of the pastor and his secretary, Elaine **Lucci**, the records were given to us for the long tedious processes which must be exercised to produce the *répertoire* you are now holding.

We are grateful to all the volunteers who worked long, tedious hours in the production of the *répertoire* you are holding.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 2490 marriages that took place from 30 May 1888 to 31 December 2000. As is our policy when producing a marriage *répertoire*, we duplicate our database and reverse the order of the data in each record so that the primary person is the bride. These two databases are merged and sorted alphabetically. This, in effect, puts family groupings together and eliminates having to index the brides under their maiden name along with their husbands' names in the back of the book.

The surname of the father is not repeated when listing parents except in the case where women have been married more than once. If the maiden name is known, an asterisk is placed after the father's given name indicating that more information is noted at the end of the record. If there is doubt as to which is the maiden name or a surname from a previous marriage, we enter the record in its original form leaving the researcher to determine a person's name at birth.

This book is the sole property of the *American-Canadian Genealogical Society* and cannot be reproduced in any form without the written permission of the Society.
