

# Répertoire des Mariages 1880 – 1973.

## Ste – Marie

Manchester, NH

The American Canadian Genealogical Society, with the permission of the authors, has completely typeset and printed the St. Marie repertoire published in 1974. Although some corrections have been made over the past 17 years, we did not have access to the sources of these corrections. Therefore, this version is strictly a word-for-word retype of the original work by Real and Robert Boivin. We took the liberty of translating the short history of the church and the explanation of their work in compiling this repertoire. However, because we entered this data into a computer, we were able to do a straight alphabetical listing of both the brides and the grooms, as opposed to having the brides listed in the back as in the original work.

Our sincere thanks to Andy Gingras #1883 who entered over 5,000 records; to Al #2513 and Connie Hamel #2514 who did a portion of the proofing and Gerry Lalonde #3312 who did the rest of the proof reading with his wife, Rose #3313; to Roland Marchand #144 who sorted and aligned the data base to get it into standard user-friendly format; and to Pauline Cusson #2572 who processed Roland's work through a laser jet printer for final printing.

## REPertoire DES MARIAGES

1880-1973

**STE-MARIE PARISH  
Manchester, NH**

Saint Marie, the second Franco-American parish of Manchester, was established to accommodate the many French-speaking people who moved to the West side of the Merrimack River as a consequence of the opening of the new bridge. Reverend D. J. Halde was the first pastor (1880-1882). From its date of foundation to 1973, there had been 5,197 marriages.

Once again, we have tried to preserve the spelling used in the registers without making corrections, even when the spellings used were obviously in error, even obvious variations. The reader would do well to verify the name in its various forms.

In the parish registers, there are no parents listed from 4 Oct 1909 until the end of the year 1937. We have thus had to complement these with the civil records. This explains why certain names are anglicized.

The book is divided into two parts: we list all the marriages by the men's surnames in alphabetical order. In the second part, the women's names are in alphabetical order of their maiden names.

We thank Rev. Albert G. Baillargeon who allowed us to consult the parish registers, Mr. Charles Stanton who allowed us to consult the civil registers, and all who made this repertoire possible.

Sainte Marie, la deuxième paroisse Franco-Américaine de Manchester, fut fondée en 1880 pour accommoder les nombreuses personnes de langue française qui déménagèrent au côté ouest de la rivière Merrimack comme résultat de l'ouverture du nouveau pont. Le Révérend D. J. Halde fut son premier curé (1880-1882).

Depuis sa fondation jusqu'à 1973, il y a eu 5,197 mariages. Encore une fois nous avons essayé de conserver l'épellation employée dans les registres sans aucun effort de les corriger, même pour des variations évidentes. Il serait donc bon pour le lecteur de vérifier un nom sous ses diverses formes.

Dans les registres paroissiales il n'y a aucun parent donné du 4 octobre 1909 jusqu'à la fin de l'année 1937. Nous avons donc dû compléter ceux-ci avec les registres civiles. Ceci explique pourquoi certains noms sont anglicisés.

Le livre est divisé en deux parties: tout d'abord, nous énumérons tous les mariages par noms de famille des hommes en ordre alphabétique. Dans la deuxième partie, on trouvera les femmes en ordre alphabétique selon leurs noms de fille.

Nous tenons à remercier le Rev. Père Albert G. Baillargeon qui nous a permis de consulter les registres de la paroisse, M. Charles Stanton, qui nous a permis de consulter les registres civiles, ainsi que tous ceux qui ont rendu possible ce répertoire.
