St. Francis-Xavier Parish Nashua, New Hampshire

The first 25 years

On June 21, 1885 Bishop **Bradley** appointed Father Henri **Lessard** to the task of establishing the second Franco-American parish in Nashua. A large parcel of land on Indian Head was donated to the Catholic Church by the Jackson Company. They were weavers who made the famous Indian Head blankets and employed many of the migrating French-Canadians in their mills. Now Father **Lessard** had the hill top he wanted to build his 'dream church.' The first hall rented for Sunday services while the church was being build was McQuestian Hall.

The second 25 years

After the untimely death of Fr. **Lessard** on November 23, 1910 there came a time for regrouping and assessing the tremendous debt incurred in the first 25 years of continuous spending for building and acquisitions. On January 29, 1911, the Bishop appointed Father Julien J. **Richard** as the second pastor of St. Francis-Xavier.

On August 3, 1917 Fr. **Richard** left to become the pastor of St. Louis de Gonzague parish in this city and Fr. Fabien Gedeon **Deshaies** was named by the Bishop to serve as the third pastor. Father **Deshaies** had all the qualities needed to be a truly good Pastor. One sensed that convinced of the truth of the doctrines he preached, he put them into practice himself. He implemented a fund drive to purchase a carillon. The parishioners answered the call and an order was soon dispatched to a foundry to cast three bronze bells. September 1921 saw the opening of the impressive two story brick school with 16 classrooms, a library, an office and a full cellar on the site of the original wood school-house. The new school opened with an enrollment of 625 students. On October 1, 1928 Fr. **Deshaies** died and father Pierre C. **Gamache** was named as the fourth pastor of St. Francis Xavier.

The third 25 years

Fr. **Gamache** always had a special love of children and because of a health problem incurred while serving as an army chaplain during World War I, he needed a lot of fresh air and he soon became known as "The Pied Piper of S.F.X." He was often seen taking long walks and always with several children tagging along with him. He devoted himself, body and soul, to promote the great cause of "Catholic Schools for Catholic Children."

Despite the Depression, he was able to maintain all the parish buildings. On May 30, 1935, St. Francis Xavier Parish celebrated its Golden Anniversary. From 1951 through 1954 the interior of the church was completely renovated..

Fr. **Gamache**, who felt that the wood altars and sanctuary were not in keeping with the magnificence of the church structure, donated a complete new sanctuary made of Italian marble. Because of the massive weight of the marble alone, it meant jacking the floor of the sanctuary and installing huge steel beams above the front of the parish hall stage. The results justified the means for the main altar remained the center piece of the church. In 1960 the parish celebrated its 75th Anniversary.

The fourth 25 years

**** There seems to be a page missing in the history of the parish**** Nothing until 1970. What happened to Fr. **Gamache** and when did Henri **Brodeur** arrive.

In February 1971 Fr. Armand J. **Provost** became the sixth pastor. As the deterioration of the masonry on the exterior of the church became apparent, the decision was made to have a major fund raiser to cover the expense of repointing and resealing the exterior. The work was done in 1973.

In 1977 Fr. Armand **Provost** was reassigned and Fr. Lucien R. **Dupont** became the seventh pastor. The succeeding years saw many renovations and many changes. However in 1978 Fr. **Dupont** died and Fr. Marcel **Allard** was named the eighth pastor. In 1980 ceiling fans were installed in the church to converse heat by pushing trapped ceiling heat down to floor level.

In 1982 St. Francis Xavier welcomed Fr. **Dubreuil** as their spiritual leader and a few years later, Fr. Daniel A. **St. Laurent**. In 1983 Fr. **Allard** was reassigned in June and Fr. Leo **Lefebvre** was named the ninth pastor, however he was ill and the assignment proved too much for him. In September of the same year, Fr. Jean A. **Tremblay** was appointed as the tenth pastor of St. Francis Xavier. In January of 1985 a six-month long celebration began the celebration of the 100th Anniversary of the parish.

The next 18 years

In June 1985 Fr. Raymond **Demers** was named the eleventh pastor. In 1988 Fr. Daniel A. **St. Laurent** became the twelfth pastor. He had great charisma and soon became known as the 'Mayor of French Hill.' June 1995 saw 110 years as a strong parish.

Fr. Marcel **Martel** succeeded Fr. **St. Laurent** and remained until the church closed in 2003.

FROM THE PUBLISHER

St. François-Xavier Church of Nashua, NH was closed in March 2003. Contact and copying was done primarily by Kathleen Pierce **Pasko** of ACGS in cooperation with the pastor, Rev. Marcel I. **Martel** and the parish secretary, Collette **Moreau**. We were fortunate in that the pastor and secretary assisted enormously in accessing the registers and allowed Kathleen to stay after hours to copy these records.

Much care must be taken when photocopying not to damage the records while scrutinizing each copy to be sure we have captured all the pertinent information.

We are grateful to all the volunteers who worked long, tedious hours in the production of the *répertoire* you are holding.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 5,135 burials that took place from Jul 1885 – Mar 2003 when St. François-Xavier Church closed. Some of the early records did not give the place of burial. Researchers would be well-advised to check St. François-Xavier Cemetery first. The registers are now housed at St. Louis de Gonzague in Nashua.

Our policy when producing a burial *répertoire*, is to extract as much genealogical information as possible from these records. Some records have very little information and others are brimming with genealogical data. It is not our policy to second guess a pastor's intent 60 or 70 years ago. When in doubt, we enter the record as we see it and leave the decision of usefulness to the researcher.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
