Our Lady of Angels

Albany, NY

Founded 1867- Closed- 2005

Humble beginnings usually rise to glorious heights. This is true of the parish of Our Lady of Angels in Albany, New York. In 1867 the founding-fathers were armed with a determined effort, zeal for the glory of God, and the will to accomplish a task that would present many difficulties. This parish would grow from infancy to maturity under the guidance of sacrificing priests together with the cooperation of a nucleus of people who formed the original congregation of the second German-speaking parish in the City of Albany.

Today looking back over the last 140 years, we can barely imagine the sacrifices and hardships, the difficulties and disappointments, the joys and the sorrows which make up the history of Our Lady of Angels. Were it not for the determination of the early hard-working German immigrants, the German-Americans and those of German descent, the joys of the past 140 years of history would only be a fading memory for those who lived through those early years.

In the second half of the 19th century a great many Europeans came to the United States settling both in the East and the West. Among them were many German people who formed their ethnic groups helping each other to start a new life in a new Country. The Albany area was not without its colony of German-speaking immigrants.

Prior to 1867, the spiritual needs of these people were served by the priests of Holy Cross parish which was the only German-speaking parish in the area. The pioneer group of 1867 came from Holy Cross parish which was located in the south end of Albany. It soon became evident that another parish was needed to care for the souls of these staunch Catholic people. Much thought was given to this need because of the many demands made on the sparse clergy in the area.

When this consideration became publicly known it was not well received by many groups in the vicinity. Active opposition took place and, for a while, the dream of expansion seemed doomed to failure. It was only by the prudent judgment of the leaders, their keen foresight and their trust in Almighty God that the insurmountable obstacles were overcome. The greatest aid to the establishment of a new German parish was the propaganda of the non-Catholics. While many opposed the idea, their manner of opposition did a great deal to foster its establishment. Finally, the determination which was so much a part of the German people won out and they moved on to build a great parish.

In 1867 the city of Albany underwent a revision of its sections and streets due to the widespread settlement of its people. On June 19, 1867, the Very Reverend Edgar P. **Wadhams**, Vicar General and Administrator of the Diocese of Albany, in the absence of the Most Reverend John J. **Conroy**, D.D., named Fr. Francis M. **Neubauer** of the Order of Friars Minor Conventual, the first pastor of the western part of the city of Albany. The Very Reverend Fidelis **Dehm**, Commissary-General of the Order of Friars Minor Conventual in America wholeheartedly approved appointment. Fr. Francis **Neubauer** had previously administered to the needs of the German people in Rome, New York. On June 27th he left Rome, NY and traveled to Albany to begin the tremendous task of establishing a parish complex that would develop and expand in the years to follow. He had a

congregation of only 150 families, no money, no property or plans.

Immediately upon his arrival in Albany, he began to gather his flock and make plans for regular services and devotions. Through the kindness of the neighboring pastor of St Patrick's Church, the Reverend Felix **McGinn**, Fr. **Neubauer** was allowed to offer Mass in St Patrick's Hall. On the feast of Sts. Peter and Paul, June 29, 1867, he received the official approbation of his appointment as pastor from the Bishop. On the following day he offered the Holy Sacrifice of the Mass for his people. This was the beginning of the second German parish in Albany.

Immediately after Father began, he sought a building that would be suitable for use as a church until a new one was built for them. Within two weeks, he rented **Coulson's** Factory at 328 Central Avenue and the first Mass to be offered took place on July 14, 1867. This building continued to serve as a house of worship until a permanent site was purchased and a more fitting church built two years later. Within two years Our Lady of Angels Church was built and ready for use.

The new church was built on the corner of Central Avenue and Robin Street then known as Perry St. After the property was prepared, work began on the foundation in September 1868. By the beginning of Advent 1869, the parishioners began to attend Mass in the basement of the church where they worshiped until the church was completed in March 1871.

In this time a friary or house was built to house the Franciscan Fathers in residence there - Fr. Francis and Fr. Norbett **Stoller**, O.F.M.Conv. who had been sent to assist Fr. Francis in October 1869.

On Passion Sunday, March 26, 1871, the Most Reverend John J. **Conroy**, DD., Bishop of Albany, together with pastors of the city churches blessed the new church and dedicated it to Our Lady of Angels. The feelings of the people of the parish who had sacrificed and worked to erect this beautiful church were deeply expressed on this occasion. In later years, bells were added to the tower and a big ceremony occurred at the church on April 8, 1878 to dedicate their arrival.

Prior to 1877, Our Lady of Angels had no parish cemetery. Deceased parishioners were buried in the "new" St Mary's Cemetery on Washington Avenue (now moved to Menands, NY called St. Agnes). In 1877 Fr. **Neubauer** purchased a plot of ground for this purpose on Central Avenue in the town of Colonie about four miles from the church.

Over the years many changes were to happen to the parish of Our Lady of Angels of Albany, NY. The area where the parish was located became run down and most of the German descendants moved to the suburbs. It became evident by the 1980s that the parish would not be able to continue because of the exodus.

In 2005 after 153 years of serving the German people of West Albany with only a small amount of people attending Mass and after a few years of studying the demographics of the area, it was decided to close Our Lady of Angels and merge St Patrick, St Casmir and Our Lady of Angels churches to become one parish. The name chosen for the new parish was Holy Family.

FROM THE PUBLISHER

In the spring of 1997, David L. **Bonitatibus** received permission from Father Alvin **Somerville**, OFM pastor of Our Lady of Angels. David **Bonitatibus** and Nicholas John **Pires Froise** began copying these records in sequence with other churches in the Albany area. This is a critical step in the process and each requires many hours to complete. Each page is checked to be sure no information is omitted from the photocopy. Sometimes the early records are fragile and must be handled very carefully.

We are grateful to all the volunteers who worked long, tedious hours in the production of the repertoire you are holding. As you can see below, there are many phases of production that go into the making of a repertoire.

Data Entry: David L. **Bonitatibus**; Kathleen **Gallagher Brearton**; Ruth **Schmitz Chanewick**; Lynn **Carey Grice**; Evelyn **Harrington**; Terri **Gray Meeks**; Kevin Martin **Pemrick**; Joan **Pohlman O'Rourke**; Roger **Proulx**; Rosemary **Rocque Seabury**; and Lynne **Dignum Sisk**

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 11,953 baptism records that took place from July 1867 to March 2005 when the church closed.

Our policy when producing a baptism *répertoire* is to scrutinize each record during the proofing phase to be sure we have not included any obvious private information such as illegitimacy or adoption. We do include all genealogical information contained in the records, i.e., parents, godparents, birth date if given, and all relevant marginal notes for marriage date, place and spouse.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents [in this case, Holy Family parish]. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
