## FROM THE PUBLISHER

As a continuation in the process of getting permission from as many of the churches in the Albany/Schenectady area, David **Bonitatibus** asked for and was given permission to copy the records of **Our Lady of Grace in Ballston Lake, NY**. David was graciously received by Father Anthony **Dacetis**, pastor of Our Lady of Grace.

Our gratitude extends to everyone involved in the production of this *répertoire*. Hundreds of volunteer hours were expended in the production of this genealogical aid. This end product also aids the support staff at Our Lady to perform the many tasks of the parish that require the handling of the original record books. In some way, these *répertoires* help to preserve the original registers.

## THIS BOOK AND ITS CONTENTS

This *répertoire* contains about 2,548 baptisms that took place at Our Lady of Grace from 19 November 1922 to 31 July 1999. Our policy when producing baptismal *répertoires* is to incorporate as much information as possible. In many instances, babies had as many as four given names. If a lack of space was a factor, we chose to put an asterisk (\*) after the second or third given name and continue the names in the note field.

Parents are listed in parentheses. The father's surname is not repeated unless it is different from the person being baptized. If there is no father listed, which may indicate an illegitimacy, the record is omitted. We strive to never divulge an illegitimate person's identity.

Sponsors are the godparents. If there is a relationship between the godparents and the baptized person indicated in the record, we include the additional information in our extracts. When the baptized person marries anywhere in the world in the Catholic church, his or her parish is notified and the baptismal record is noted. This marital information is also extracted at the time we enter the baptism.

This book is the sole property of the **American-Canadian Genealogical Society** and cannot be reproduced in any form for resale.
