PREFACE

This is the first of three volumes of headstone inscriptions in Clinton County, New York. This volume contains inscriptions of 31 cemeteries and has about 25,000 records with the earliest birth year of 1719 for Henry Russell in the Baker Burying Ground in West Plattsburgh. He died in 1811. It was revised in 2004 to update and add additional information that was not available when it was first published. As part of the revision, the names and dates were compared to the last 36 years of obituaries to insure accuracy.

When the headstone reflected the date of death and age, the age was converted to a year of birth. Even though the spouse's maiden name may not be on the headstone, it is included whenever it could be ascertained from other sources. The person is listed under both their name and their spouse's name. The reader is reminded that the spellings are exactly as shown on the headstone and may not be what you are looking for. Please look under all of the possible spellings of the name. There is also a list of name variations that I have observed on page 401.

A map of each cemetery is included in this volume, and in many cases, is divided into sections. Once you locate the record and want to visit the cemetery to see the headstone, write down the cemetery code and section shown in the last two columns of each record. Locate the map of the cemetery by using the list of cemeteries and record the location. You are now ready to visit the cemetery. There is an index of all the cemeteries in Clinton County on page 399 that shows which volume the headstone records are listed in.

ACKNOWLEDGEMENT

I would like to acknowledge the help and assistance of many people in the completion of this volume. Mrs. Addie Shields, Clinton County Historian, and Doris Burgess and Theresa Conroy, volunteers in her office, were very helpful.

I consulted the *McClellan Cemetery Records of Clinton County* on several occasions to determine the inscription on stones that had deteriorated over the years. These records were made and recorded by *Hugh McClellan, son Charles Woodbury, and daughter-in-law, Hulda (Bredenberg) McClellan*. I also used these records to locate several of the older cemeteries.
