PREFACE

This is the third and final volume of headstone inscriptions in Clinton County, New York. It was revised in 2004 to update and include additional information that was not available when it was first published. As part of the revision, the names and dates were compared to the last 36 years of obituaries to insure accuracy. This volume contains inscriptions of 79 cemeteries and has about 32,000 records. It contains all of the cemeteries in the towns of Altona, Beekmantown, Clinton, Champlain, Chazy, Ellenburg, Mooers, and one cemetery from the town of Plattsburgh and one from the city of Plattsburgh.

When the headstone reflects the date of death and age, the age was converted to a year of birth. Even though the spouse's maiden name may not be on the headstone, it is included whenever it could be ascertained from other sources. The person is listed under both their name and their spouse's name. The reader is reminded that the spellings are exactly as shown on the headstone and may not be what you are looking for. Please look under all of the possible spellings of the name. There is also a list of name variations that I have observed on page 533.

A map of each cemetery is included in this volume, and in many cases, is divided into sections. Once you locate the record and want to visit the cemetery to see the headstone, write down the cemetery code and section shown in the last two columns of each record. Locate the map of the cemetery by using the list of cemeteries and record the location. You are now ready to visit the cemetery. There is an index of all the cemeteries in Clinton County on page 530 that shows which volume the headstone records are listed in.

ACKNOWLEDGEMENT

I would like to acknowledge the help and assistance of many people in the completion of this volume. First, *Mrs. Addie Shields*, Clinton County Historian, who was always there to provide whatever help that I needed.

Mrs. Marie Gennett, Chazy town historian, *Mr. Frank Goodrich*, Clerk, town of Mooers, *Mr. Ralph Gilpin*, Clerk, Town of Champlain, and *Mrs. Thelma LaBombard*, Clerk, town of Ellenburg, were all extremely helpful. *Mrs. Barbara Seguin*, President, and *Mrs. Gloria Pratt*, Vice-President, of the American-Canadian Genealogical Society also provided help whenever requested.

I consulted the *McClellan Records of Clinton County* on several occasions to determine inscriptions on stones that had deteriorated over the years. These records were made and recorded by *Hugh McClellan*, son *Charles Woodbury McClellan*, and daughter-in-law, *Hulda (Bredenber) McClellan*. I also used these records to locate several of the older cemeteries. In the town of Chazy, I used some information that had been supplied by *Mrs. Nell Jane (Barnett) Sullivan*.
