St. Joseph's Parish Fort Edward, New York

St. Joseph's Parish was founded in Fort Edward, NY in 1869. Prior to that, parishioners worshipped at St. Mary's, Glens Falls, and St. Mary's, Sandy Hill, now Hudson Falls. The parish began as a mission of St. Mary's, Glens Falls.

The original parish church was purchased in February 1868 from the local Presbyterian church. Rev. John **Murphy** of St. Mary's, Glens Falls, celebrated the first Mass on February 27, 1868. The famous prizefighter and Tammany Hall politician John Morrissey donated the church bell to the parish in 1875.

Father James P. **McGee** was the first pastor, staying for seven years before moving to Syracuse. Rev. Cornelius **Fitzpatrick**, a former "schoolmaster", served as the second pastor, until his retirement. Rev. William J. **Smith**, who died in France, and is buried in St. Mary's Cemetery, Glens Falls, followed him.

On May 14th, 1917, St. Joseph's broke ground for a new church, with the cornerstone laid on August 5th, 1917.

The Sisters of St. Joseph of Carondelet settled in Fort Edward in August, 1935 when they accepted the gift of the Moorehead estate on Mechanic Street from the family. The sisters provided religious education to the children of the parish beginning in 1943.

St. Joseph's Catholic School opened in 1957 for Kindergarten through Grade Four. A new grade was added each year to education through Grade Eight. The sisters of St. Joseph's continued to educate the students until its closure in 1973.

The land for St. Mary's and St. Joseph's Cemetery was acquired by Fr. M. J. **Griffith**. Prior to this, parishioners used the Union Cemetery or St. Mary's Cemetery in South Glens Falls.

FROM THE PUBLISHER

Permission to copy all of St Joseph, Fort Edward, NY, sacramental records was granted from Father **Joseph X. Arocklasamy**, administrator.

Copying the records is the most critical step in the process and requires many hours to complete because some of the early records are so fragile making it difficult to handle them. Copying for these records was difficult as they were of poor quality. Consequently some of the material is incomplete or missing. If the researcher thinks some of their information was missed, than you should consult the church. The parish records were copied with the helpful cooperation of Elizabeth **Hamilton**, Secretary.

We are grateful to all the volunteers who worked long, tedious hours to produce the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Photocopying Records: David L. **Bonitatibus**, Sioban E. Dussault
Bonitatibus, Gloria Corlew **Cooley**, Gail **LaBarge**, and Kevin **Penrick**.

Data Entry: Marcel P. **Coté**, Constance Bernier **Hebert**, Paul R. **Lambert**, and Maurice **Paquette**.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 7,294 baptism records that took place from May 1869– July 2005.

Our policy when producing a baptism *répertoire* is to scrutinize each record during the proofing phase to be sure we have not included any obvious private information such as illegitimacy or adoption. We do include all genealogical information contained in the records, i.e., parents, godparents, birth date if given, and all relevant marginal notes for marriage date, place and spouse.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
