St. Joseph Greenwich, NY

FROM THE PUBLISHER

In 2003, David L. **Bonitatibus** from Schenectady, NY received permission from Father Christopher **Welch** pastor of the St. Joseph in Greenwich, NY. David **Bonitatibus** and Kevin **Pemrick** started copying these records in sequence with other churches in the Adirondack area.

This is a critical step in the process and each requires many hours to complete. Each page is checked to be sure no information is omitted from the photocopy. Sometimes the early records are fragile from old age and must be handled very carefully.

We are grateful to all the volunteers who worked long, tedious hours in the production of the repertoire you are holding. As you can see below, there are phases of production that go into the making of a repertoire.

Data Entry: Jennifer **Premio Barrett**;
Donna **Blake**; David L. **Bonitatibus**;

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 2,728 baptism records that took place from December 1879 to October 2002.

Our policy when producing a baptism *répertoire* is to scrutinize each record during the proofing phase to be sure we have not included any obvious private information such as illegitimacy or adoption. We do include all genealogical information contained in the records, i.e., parents, godparents, birth date if given, and all relevant marginal notes for marriage date, place and spouse.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
