## IMMACULATE HEART OF MARY

HUDSON FALLS, NEW YORK

1827-present

Very few parishes in the United States can boast that the first Catholics to set foot within their boundaries are canonized saints. Immaculate Heart of Mary is one of those few. In the year 1642, St. Isaac Jogues and his companions were led as Iroquois prisoners across the original territory of St. Mary's parish. The travels of St. Isaac Jogues are part of St. Mary's history, a history that goes all the way back to Our Lord himself. It was the faithfulness and teaching of Christ by many generations of clergy, religious and ordinary lay men and women that brought the Church to Sandy Hill in the early nineteenth century in the persons of the early immigrants from Ireland, French Canada, Italy and other Catholic regions to settle here. St. Mary's has been open for service for over 183 years which is something that this parish is proud to profess.

The growing number of Catholics living in the area around Sandy Hill led, in 1827, to the formation of a congregation which, for the first few years, called itself Christ Church. Still earlier a missionary priest had occasionally said Mass in the "old court house" of Sandy Hill. Until 1830, when the first Protestant church was built here, the old court house was also used for Methodist and Presbyterian services.

For the first four years of its history, Christ Church, as it was then called, was taken care of by two priests from Troy, NY. Rev. John **Shanahan** and Father James **Quinn** who made their way to Sandy Hill by wagon or horseback or by canal packet. They served the small Catholic population in Hudson Falls before a parish was truly organized.

Father **Kelly** was the 1<sup>st</sup> official pastor of Christ Church, who also served a very large area of Catholics, held services in village halls and in farm houses in isolated areas. Because of this mission responsibility St. Mary's has been called the mother church of three counties. A list of communities served by the pastor of this parish in 1842 included: Buskirk, Eagle Bridge, Cambridge, Fort Ann, Granville, Hoosick Falls, Lansingburgh (now part of Troy) Mechanicville, Schaghticoke, Schuylerville, Ticonderoga, and Waterford. In 1834 Father changed the name to Immaculate Heart of Mary, and since then it has been referred to as just St Mary's.

In 1838, during Father **Kelly's** pastorate, construction work on the first Catholic church was begun in Sandy Hill. When completed the new church was dedicated by Bishop John **Dubois** of the New York City Diocese, whose diocese at that time included the whole of New York state. A few years later, in 1847, Immaculate Heart of Mary parish became part of the newly formed Albany Diocese.

The members of the first small congregation were poor, but they spared no effort to provide a worthy dwelling place for their place of prayer. The first church of native cut stone measured 60 feet in length and 40 feet in width, could seat 400, and served the parish for almost half a century. This parish was the only church in the Albany diocese to be built in stone at the time.

Old records refer to many of the early settlers being from Irish and French back-grounds. A list of 62 names on a memorandum of donations made by parishioners of Immaculate Heart of Mary between 1845 and 1847 backs this up. The contributors' last names were:

Bannin, Barnes, Barry, Benack, Brennan, Brice, Burns, Byrnes, Conley, Connors, Corbett, Cox, Cronin, Curran, Donovan, Dougherty, Dunnigan, Early, Fineely, French, Gallaher, Godette, Goodwin, Grey, Hickey, Hoag, Hogan, Hurley, Kane, Kayton, Keeffe, Kelley, Kenavan, Kenna, Lambert, Lawless, Leavy, Lynch, McCormick, McDude, McKenna, McMullen, Margie, Mongeau, Meihan, Montee, Moss, Mullowney, Nugent, O'Leary, Quinn, Regan, Reid, Reilley, Rogers, Spellacy, Tetro, Threehouse and Willard.

In 1846, after a few more pastors serving Hudson Falls, an Italian missionary priest Father Michael **Olivetti**, served from 1846-1848. The Italian's love for music was reflected in one of Father **Olivetti's** material contributions to the parish - a pipe organ. But his spiritual contribution is perhaps immeasurable. He may well have been one of the few Catholic priests in the United States to have suffered martyrdom for their faith, for in the course of his pastoral duties he was murdered and his body thrown into Lake Champlain at Port Henry.

The circumstances of his death have never been discovered, but the period in which he was killed was one of strong anti-Catholic feeling in this country. The notoriously anti-Catholic "Know nothing party" was founded just a few years after his death. Even if the motive of the murder was simply robbery, as some reports at the time suggested, Father **Olivetti's** death might still be considered "in line of duties" which took him to many isolated and dangerous parts of the north country.

In 1873 Father **Leonard** became Pastor of St Mary's at another historic moment in the life of the parish. In 1879 when he was pastor at St. Mary's for 6 years, the church was destroyed by fire. In 1880 a new and larger Catholic church was built. The dedication of the new church took place May 29, 1881 at the cost of \$56,000 - a large amount for a poor parish in 1880, but perhaps less than would have been spent if the parish had not been forced to rebuild unexpectedly after a disastrous fire. Bishop **McNierny** of Albany officiated. The Bishop spoke and praised the fact that the new church was built "unaided by outside help." This "spoke volumes for the parishioners' liberality in the cause of religion".

Thus Immaculate Heart of Mary parish history is the period in which parish life centered around the second church, a building in the ornate style of the Victorian period - a contrast both to the simplicity and grandeur of the present building. Unlike both its predecessor and its successor, the second church was built of brick rather than stone. It was 48 x 90 feet and seated 450 people.

However, some dissatisfaction with the second church apparently set in fairly soon, since a building fund to replace it with a new stone church was started only a few years later during the pastorate of Father James J. **O'Brien**, the successor to Father **Leonard**. Father **O'Brien** took charge of the parish as a very young man in 1887. His 34-year

pastorate was by far the longest of any up to that time. He served until 1921 and lived afterwards in retirement almost long enough to see the cornerstone laid for the new, third church that he had dreamed about and worked towards for so many years.

By 1906 all debts were liquidated with a \$100,000 extra money needed to begin construction of the new parish. During the last five years of Father **O'Brien's** pastorate, day-to-day operations of the church were handled by an administrator, Father Michael **English**, who had served as assistant to Father **O'Brien** for many years.

This parish is along the eastern tier of New York State, just a mountain away from the state of Vermont. The Village of Hudson Falls was also known as Sandy Hill from 1810 to 1910 but the Village changed the name to Hudson Falls in 1910. However, the name stuck even all these years later. Also Hudson Falls is in the town of Kingsbury.

During Father **English's** administration the church was redecorated, a new rectory was purchased, and construction of St Mary's parochial school was begun. The heavy expenditures involved in building the school meant that the dream of the new church had to be postponed, but given the generosity of St. Mary's parishioners, the postponement was not to be a long one.

Like the first church, the 2<sup>nd</sup> St Mary's church suffered damages as a result of a major fire in the Hudson Falls business district. This was in 1920 while Father **English** was administrator. The fire wiped out a large number of stores and apartments in the business section of Hudson Falls. Twenty-seven families were left homeless, and St. Mary's church was badly damaged when part of the west wall of the nearby Rogers and Carelton building fell through the roof of the church. Happily the church itself did not catch fire and the damage was quickly repaired.

St Mary's School opened Sep 6, 1921 with the sisters of St Joseph of Carondelet from Troy NY serving the school until it closed in the end of the school year in 1973.

### **The third church**

In 1929 Father Arthur S. **Kiffin**, was assigned to St Mary's and stayed until 1969 giving over 40 years of service to this parish. In Father **Kiffin's** tenure the third church was built, the cornerstone was laid June 24, 1934 and the new church was dedicated February 2, 1935. This new church was designed to hold 786 people in the nave and choir, with another 46 seats in the Lady Chapel, and room for extra seats in the side aisles and transepts that could increase total capacity to about 1,000- two and half times as many people as the second St Mary's could hold.

In 1955 Father **Kiffin** was raised to Monsignor. Six years later in 1961 Pope John XXIII raised Father **Kiffin** to the rank of Protonotary Apostolic - the highest a priest can be held without being a bishop. Monsignor **Kiffin** passed away on February 1, 1969 - a sad day for the people of St. Mary's.

In February 1974 lightning struck the roof of St Paul's Church and it was completely destroyed. Although insurance completely covered the loss, they were not able to re-build

the church. At that time St. Mary's parish was much larger than the French parish of St Paul's and Bishop **Hubbard** was beginning to merge parishes in the Albany diocese.

Although Father James A. **McMannus** then pastor of St. Mary's church told Father **Marcil** of St. Paul's they did not need to pay for the use of the church, Father **Marcil** insisted on contributing toward expenses as long as they remained separate parishes. Due to Father **Marcil**'s ill health and failing eyesight, it was time to talk of merging the two parishes of St. Mary's and St Paul's. The land, rectory and school building of St Paul's were given to the town. In July of 1992 St Paul's was merged with St Mary's.

After almost 200 hundred years of serving the North Country the church of the Immaculate Heart of Mary still is thriving to serve the "Sandy Hill" Hudson Falls area.

## THIS BOOK AND ITS CONTENTS

This *répertoire* contains 14,937 baptisms that took place from December 1844 to August 2004. Records from December 1844 to June 1865 are copies with nothing included in the remark column. We, therefore, cannot be responsible for their accuracy.

Our policy when producing a baptism *répertoire* is to scrutinize each record during the proofing phase to be sure we have not included any obvious private information such as illegitimacy or adoption. We do include all genealogical information contained in the records, i.e., parents, god parents, birth date if given, and all relevant marginal notes for marriage date, place and spouse.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
