### St. Paul's Church

Hudson Falls, New York 1873 - 1992

The founders of St. Paul's were French Canadians, instructed by Jesuit priests notable among whom was Fr. Isaac Jogues who was martyred at Auresville, New York, just a short way from Hudson Falls. These Canadian immigrants, upon their arrival, attended St. Mary's Church which had been founded in 1834. They could follow the Mass, said then in Latin, but were not able to understand the sermon given in English; neither were they able to go to confession. As their number grew, the need for a church holding services in their own language was felt.

On October 31, 1872 a document of Incorporation was filed by these French Canadians. The following year the Old Baptist Church was purchased and remodeling began.

Father **Huberdault** of St. Alphonsus in Glens Falls, came regularly to sing Vespers and teach catechism. In March of 1883, Father **Huberdault** was transferred to Assumption church in Albany. On December 1st, 1883 Father Alphonse **Villeneuve** was named resident pastor of St. Paul's. During his five-year tenure, he built the church rectory.

Father Francois X. **Lize** served St. Paul's people from 1889 to 1897 in which time a new church structure was begun. The cornerstone was blessed in August 1897. Shortly

afterward, Father Eugene **Rey** arrived.

The basement was completed within six months. An altar was set up and services were held there starting in February of 1898. The interior of the upper structure was completed in 1910. Since the basement was no longer being used for Mass, the space was turned into the first parochial school in Hudson Falls. On August 12, 1917, Father **Rey** retired as Pastor of St. Paul's. He was succeeded by the Rev. Arthur B. **Desautels** who was to serve the parish until 1925.

When fire destroyed the sisters' home in 1919, Father **Desautels** set to work to build them an appropriate though modest house. He also installed the organ in the church which was used for many years to guide the choir and inspire the devotion of the parishioners.

Father J. Exzephyr Surprenant became pastor of St. Paul's in September of 1925. A great debt had accumulated to the church and with the depression that followed, he had the task of freeing the parish from its financial woes as well as the spiritual ministration of his flock. Plagued by ill health, Father Surprenant died in September of 1951 after serving his people faithfully for 26 years.

Rev. C. Henri **Tessier** was appointed as the seventh pastor of St. Paul's parish. He gave himself totally to the parish and the village of Hudson Falls. The educator soon showed in the pastor when he made so many improvements in the school – new green boards, desks, chairs, etc. The cemetery also received the pastor's attention and care. His greatest effort as administrator of property was in the redecoration of the church. Under Father Tessier's watchful eye, Rambusch elaborated and executed the renovation of the church.

The death of Msgr. Paul **Leduc** of St. Alphonsus in Glens Falls caused Bishop **Scully** to ask Father **Tessier** to take in hand the service of that Parish, which he obediently did.

Rev. Leo L. Marcil from Notre Dame Church in Schuylerville, found it very pleasant to replace Father Tessier on April 25, 1964. Continuing work already begun, Father Marcil with the wholehearted help of the men of the parish followed the program of improvements already begun.

In February 1974 lightning struck the roof of St. Paul's Church and it was completely destroyed. Although insurance completely covered the loss, they were not able to re-build the church. At that time, St. Mary's Parish was much larger than the French Parish of St. Paul's and Bishop Howard Hubbard was beginning to merge parishes in the Albany Diocese. Although Father McMannus of St. Mary's church told Father **Marcil** they did not need to pay for the use of his church, Father Marcil insisted on contributing toward expenses as long as they remained separate parishes.

Due to macular degeneration and Father **Marcil's** failing eyesight, it was time to talk of merging the two parishes. In 1992, amicable merger did take place between the parishes of St. Mary's and St. Paul's. The land, rectory and school building of St. Paul's were given to the town and in 1996, after extensive interior renovations, Head Start opened.

Father **Marcil** went to live at the Rectory of St. Mary's with their pastors and on April 26, 1998, at the age of 77, he passed away.

Most of this history is taken from the Centennial Program in 1973. The more contemporary information was contributed by Gloria M. Cooley, #4289, of Hudson Falls, NY gcooley@netzero.com

### FROM THE PUBLISHER

St. Paul, Hudson Falls, NY closed in July of 1992 and was merged with St. Mary's. In 1999, upon the recommendation of Fr. George **Gagnon** who was then living at St. Mary's, the Rev. James **Barry** granted us permission to compile an alphabetical index of nearly 120 years of church registers. His mother was from French origins and Fr. **Barry** was already working on his family tree. Our sincere appreciation goes out to Dorothy **Michon**, Administrator; Patricia **Fitzgerald**, Secretary; and Associate Pastor, Victor **Owens**.

Much care must be taken when photocopying these registers so as not to damage the records while scrutinizing each copy to be sure we have captured all the pertinent information. We are grateful to all the volunteers who worked long, tedious hours in the production of the répertoire you are holding.

### THIS BOOK AND ITS CONTENTS

This répertoire contains 2,396 burials that took place from December 1883 – 22 June 2004. St. Paul Church closed in July of 1992. The registers are now housed at St. Mary/St. Paul in Hudson Falls, NY.

Our policy when producing a burial répertoire is to extract as much genealogical information as possible from these records. Some records have very little information and others are brimming with genealogical data. It is not our policy to second guess a pastor's intent 100 years ago. When in doubt, we enter the record as we see it and leave the decision of usefulness to the researcher.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
