St Francis of Assisi Northville, New York

This small-town parish church sits overlooking the Great Sacandaga Reservoir, located 25 miles north of Amsterdam, New York. It is also right on the southern portion of the beautiful Adirondack Mountains.

The first known recorded masses in the Northville area were in the early part of 1887 in private homes around the Northville and Sacandaga Park area. The Franciscan Fathers began their work in the area in the early 1890's coming up from St Anthony-on-the-Hudson Seminary in Rensselaer, NY and Our Lady of Angels Church in Albany. The good Fathers traveled with great difficulty to get to these remote areas of the southwest part of the Adirondack Mountains.

The Northville mission church was a mission of St. Joseph in Broadalbin, NY for many years, up to the early 1900s. The mission church was formed from St. Joseph to start the latter which became known as St Francis of Assisi. At that time a small fund was started for the eventual construction of the present church building in Northville. The Franciscans' missionary work extended to Raquette Lake, Wells, Griffin, Morehouseville, Piseco, Sageville, and adjacent regions of upstate New York.

Aware of the growing population of Catholics around Northville, Bishop Edmund F. **Gibbons** of Albany requested the Franciscans to study the need for a resident priest in the village. In September of 1920 the Franciscans purchased property from Mr. and Mrs. J. Wright **Olmstead** at the southwest corner of Bridge and Fourth Streets. Included in the \$7,235.90 purchase price was a home (built in 1896), a small barn adaptable for a garage and sufficient land to build a church. In October 1920, Fr. Raphael **Huber** OMC DD was appointed the first pastor, assisted by Brother Francis. They took up residence in the Olmstead house which today still serves as the rectory.

On Oct. 23 1920, Mass was said for the first time in the Friary chapel by Fr. **Huber**, temporary permission having been given by the Bishop. Less than two weeks later on Nov. 4, 1920, Bishop **Gibbons** and Fr. Leo **Greulich**, Franciscan Provincial, solemnly blessed the Friary, with other church officials in attendance. In February 1921, Bishop **Gibbons** and the Franciscans agreed to establish the Northville church as a Franciscan parish.

In the summer of 1921, Fr. John **Murnane** arrived as assistant pastor. The Bishop of Ogdensburg then requested that the Franciscans work in the Albany Diocese to help administer some of his parishes around the Northville parish. Father **Murnane** took charge of these missions in his Diocese as well as Sacandaga Park. Until the new church was built, the parishioners continued to attend Mass in the Friary chapel.

During the summer months, the Sacandaga Park Rustic Theater was used until 1933 on Sundays and Holy days for years after the building of the Northville church. The

number of visitors to the resort area declined in the late twenties and early thirties when a large portion of the Sacandaga Park with its amusement area and railroad service had to be cleared for the construction of the Sacandaga Reservoir. The construction of St Francis church began on May 6, 1922, the cost, with chandeliers, Austrian stained glass windows, pews and other necessary equipment, came to \$464,000. The greater part of this sum was made possible by the generosity of the summer visitors. The architects were Ogden and Gander of Albany. The General contractor was Arthur V. **Blanchard** of Saratoga.

Work progressed rapidly with the major portion of the foundation and walls sufficiently completed to set the date for the laying of the cornerstone for August 27, 1922. On Christmas Day, 1922, a Mass was celebrated in the nearly completed St. Francis of Assisi Church in Northville, NY for the first time. On March 4, 1923, Fr **Huber** offered Mass for the first time in the small, side chapel of the church.

The architectural style of St Francis church is Romanesque, taken from the design of the basilica of St. Francis of Assisi, Italy. It is constructed of tapestry brick with a slate roof. The ancient Franciscan coat of arms, with arms of Christ and St Francis crossed, graced the front of the church over the entrance. A bell tower, square at its base and octagonal with open arches at bell height, rises majestically above the sacristy to the east side of the church. It is surmounted by a cross. The church bell, installed in the bell tower in 1922, was made by the Meneely Bell Co. of Troy, NY.

In 1972 during Father Gerald **Rheinman's** tenure, the Third Order of St Francis planned the expansion of the small chapel directly to the west of the sanctuary to make it longer and wider. This also would include improvements and updating for the request of Vatican II.

In May of 1997 the people of St Francis of Assisi celebrated their Diamond Jubilee with 75 years of a faithful group of people attending this lake view parish.

In 1998 the Franciscan Fathers informed Bishop Howard **Hubbard** that due to a shortage of priests they would no longer be able to staff St Francis parish. After serving the Northville area for over a 100 years and St Francis of Assisi since 1920 the sad departing left a big hole in the hearts of people who loved the Franciscans and their great work.

After seven years of St Francis being under the administration of Father Robert **Powhida** he was transferred to a different assignment in 2005. At the same time the Blessed Sacrament Fathers who had staffed St Joseph's in Broadalbin since 1973 had announced they were pulling their staff out of the Diocese. With the staffing of the Diocesan priests also very limited it was decided to merge the Northville parish with the Broadalbin parish sharing one pastor but to keep two parishes.

Father Thomas **Morrette** who hales from Schenectady, NY and who had just been ordained in January of 2005 was assigned to Northville/Broadalbin. Father Tom was a "late in life priest." His kindness, love, and hard work along with his life experience

has brought these two parishes together as one. Father Tom made the transition a smooth and painless way for both communities. As he has said, he lives in both places part of the time. "Even though the two towns are only 15 miles apart north and south from each other, the weather conditions can sometimes be night and day," so you always have to be ready for the snow and ice and lots of it!

FROM THE PUBLISHER

Permission to copy all of Saint Francis of Assisi, Northville, NY, parish marriage records was granted by Father **Morrette**.

Copying the records is the most critical step in the process and requires many hours to complete because some of the early records are so fragile making it difficult to handle them. The parish records were copied by and with the helpful cooperation of Mrs. Marion **Walag**, parish secretary.

We are grateful to all the volunteers who worked long, tedious hours to produce the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Photocopying Records: David L. **Bonitatibus** and Joseph David **Schmid**.

Data Entry: Lynn Carey **Grice**.

Proofreading: John **Cooke**, Richard **Coté**, and Jean Guy **Sauve**.

Proofreaders' Printouts and Data Corrections: Marcel P. **Coté** and Pauline Genest **Coté**.

Printing Master: Pauline Genest **Coté**, and Gerard **Savard**.

Foreword: Julie **Smith**.

History: David L. **Bonitatibus**, and Julie **Smith**.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 278 marriage records that took place from January 1921 to April 2006.

As is our policy when producing a marriage *répertoire*, we duplicate our database and reverse the order of the data in each record so that the primary person is the bride. These two databases are merged and sorted alphabetically. This, in effect, puts family groupings together and eliminates having to index the brides under their maiden name in the back of the book.

The surname of the father is not repeated when listing parents except in the case where a woman has been married more than once. If the maiden name is known, an asterisk is placed after the father's given name indicating that more information is noted at the end of the record. If there is doubt as to which name is a surname from a previous marriage, remember we enter the record in its original form leaving the researcher to determine a person's name at birth.

FROM THE PUBLISHER

Permission to copy all of Saint Francis of Assisi, Northville, NY, parish baptism records was granted by Father **Morrette**

Copying the records is the most critical step in the process and requires many hours to complete because some of the early records are fragile making it difficult to handle them. The parish records were copied by and with the helpful cooperation of Mrs. Marion **Walag**, parish secretary.

We are grateful to all the volunteers who worked long, tedious hours to produce the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Photocopying Records: David L. **Bonitatibus** and Joseph David **Schmid**.

Data Entry: Lynn Carey **Grice**, and Evelyn E. **Harrington**.

Proofreading: John **Cooke**, Richard **Coté** and Jean Guy **Sauve**.

Proofreaders Printouts & Data Corrections: Pauline Genest **Coté**.

Printing Master: Pauline Genest **Coté**, and Gerard **Savard**.

Forward: Julie **Smith**

History: David L. **Bonitatibus**, and Julie **Smith**.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 701 baptisms that took place from November 1920 to September 2006.

Our policy when producing a baptism *répertoire* is to scrutinize each record during the proofing phase to be sure we have not included any obvious private information such as illegitimacy or adoption. We do include all genealogical information contained in the records, i.e., parents, god parents, birth date if given, and all relevant marginal notes for marriage date, place and spouse.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.

Write to ACGS for a list of all our publications for sale, or check our web site at: <http://www.acgs.org>

FROM THE PUBLISHER

Permission to copy all of Saint Francis of Assisi, Northville, NY, parish burial records was granted by Father **Morrette**.

Copying the records is the most critical step in the process and requires many hours to complete because some of the early records are fragile making it difficult to handle them. The parish records were copied by and with the helpful cooperation of Mrs. Marion **Walag**, parish secretary.

We are grateful to all the volunteers who worked long, tedious hours to produce the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Photocopying Records: David L. **Bonitatibus** and Joseph David **Schmid**.

Data Entry: Lisa Dougherty **Walsh**.

Proofreading: John **Cooke**.

Proofreaders Printouts & Data Corrections: Pauline Genest **Coté**.

Printing Master: Pauline Genest **Coté**, and Gerard **Savard**.

Forward: Julie **Smith**

History: David L. **Bonitatibus** and Julie **Smith**.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 274 burials that took place from November 1921 to August 2006.

Our policy when producing a burial *répertoire* is to extract as much genealogical information as possible from these records. Some records have very little information and others are brimming with genealogical data. It is not our policy to second guess a pastor's intent 100 years ago. When in doubt, we enter the record as we see it and leave the decision of usefulness to the researcher.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
