Appreciation

There are several people to thank for making this book possible.

Msgr. Peter Riani and Father Vicente F. Jazamines, both who have given their support for this project.

Gloria Pratt who kept this project going even when it seemed that it wouldn't be finished or would be finished at a much later date.

There were also several very dedicated people who must receive a very profound thank you.

Peggy Banker — secretary at St. Augustine's
Peggy got all things together for us, without her help this book would not have been possible.

Anne Torrance
Anastasia Pratt — transcribing
Brian Sears — transcribing

A note of information: The records of St. Patrick's are within the records of St. Augustine's in the Church records kept at St. Augustine's, and so are also within these records without any indication of which are which.
