## St. Anthony Schenectady, New York

In the beginning of the 20<sup>th</sup> Century, there was no place of worship for the immigrant Italians living in Schenectady to hear the mass in their native language or to practice their traditions. Mr. **DeMarco**, a banker, and 11 families banded together to found a church for the Catholics of Italian descent.

St. Anthony's parish was organized in 1902 to embrace these Italian immigrants who flooded into Schenectady during the boom years of 1890-1920 of rapid expansion in two major employers in the city. Mostly men, the new immigrants often sent 'home' for brides and began their families here. Sometimes unwelcome by others in the city because of their willingness to work for lower wages, they sought to form their own parish.

The early congregation held services in a small wooden chapel on land formerly owned by Union College. Their first priest, Rev. Don Giavonni **Bencivenga**, was brought from Italy by Mr. **DeMarco**. St. Anthony's Church was a great success. Italians from all parts of the city and surrounding communities attended services in the wooden church which had a capacity of 150 people. It was crowded at every mass as more Italian immigrants came to Schenectady. In 1916 another priest was needed - Rev. Michael **Bianco**, who was from Italy but educated in the United States. He said mass in both English and Italian. After 16 years of service, Father "John" retired and decided to go back to Italy.

By 1921, the need for a larger church became evident. Monsignor **Bianco**'s trip to Albany was successful in that he was given permission to build a new church but with no financial help from the diocese. The parish built an Italian Renaissance edifice that still stands today on the corner of Seward Place and Nott Street. The cornerstone for the current church building was laid in 1921. The main church was completed, blessed and dedicated in 1924. There was a major renovation of both the interior and exterior in 1983.

In 1950 a chapel was added next to the school of religion and was called St Michael Chapel. It was used for many years as a nursery school, and then was incorporated into the new school. St Anthony School opened in 1958 under the guidance of the Venerini Sisters. Their motherhouse is in Worcester, MA but their origin is in Italy. They came here to help the children of Italian immigrants. Unfortunately, St Anthony's School closed in June of 2004.

In August of 2002, St Anthony parish celebrated its 100th anniversary as a parish church.

The following priests served as pastors

#### FROM THE PUBLISHER

In the Fall of 1999, David L. **Bonitatibus** a member of ACGS and St. Anthony 's parish in Schenectady, received permission to copy all of the sacramental records from Father John **Medwid**, pastor of St. Anthony.

Copying the records is the most critical step in the process and requires many hours to complete because the records are so fragile making it difficult to handle them. Each page is checked to be sure no information is omitted from the photocopy.

We are grateful to all the volunteers who worked long, tedious hours in the production of the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Data Entry: David L. Bonitatibus, Kathleen Gallagher Brearton, Pauline Genest Coté, M.G. [Terri] Meeks, Claire M. Doiron Phillips, and Joan P. O'Rourke.

Proofreading: David L. Bonitatibus, Sioban Dussault Bonitatibus, Kathleen Gallagher Brearton, Richard Coté, Kathleen Koza Grabo, and Lois Cruden Yunker.

Proofreaders Printouts: Marcel P. Coté Data Corrections: Pauline Genest Coté, Master Printout: Gerry Savard

History: David L. Bonitatibus & Pauline

Cusson.

#### THIS BOOK AND ITS CONTENTS

This répertoire contains 5,242 burials that took place from October 1916 - June 2007. All burial records prior to 1916 were lost in a fire.

Our policy when producing a burial répertoire is to extract as much genealogical information as possible from these records. Some records have very little information and others are brimming with genealogical data. It is not our policy to second guess a pastor's intent 100 years ago. When in doubt, we enter the record as we see it and leave the decision of usefulness to the researcher.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
