St. Joseph Schenectady, New York

Although German Catholics settled in the Schenectady area as early as 1830, there was no inclination at first to organize their own church. Rev. Theodore Noethen of Albany, and other secular priests, visited these new settlers and held services for them in St. John the Baptist Church. As the families grew the need for their own church was felt. The first indication of their serious intention to organize a German church dates back to a meeting on January 23, 1859. This first meeting, followed by many others, resulted in the official organization of the church in April of 1862 when a petition to start a German parish was granted by Bishop McCloskey. The Franciscan Fathers of Syracuse undertook the preliminary work of building up the congregation, all the while, a nucleus of laymen continued to meet and plan for the day when a church could be built. A generous Bavarian, Joseph Harrecker, donated an old frame building on North Center Street for use as the group's first church.

Having obtained both a place to worship and permission to organize a parish, the German congregation decided to name its new church St. Joseph's instead of St. Peter's. A new altar was built; the tiny church was renovated throughout and dedicated June 29, 1862. The first pastor was Rev. Oderich **Vogt**, followed in 1865 by Rev. Alphonze **Zoeller**.

St. Joseph's third pastor, Rev. Pius **Kotterer**, who served from 1864 to 1868, foresaw the need for a larger church. The parish had more than tripled within the five years of its organization and the tiny frame building was no longer adequate.

Father **Kotterer** purchased lots 1 and 2 on the southeast corner of State and Lafayette streets. He then sold it back to the church for half the price. Now the stage was set for what is probably the most dramatic portion of a newly organized congregation – the building of its church edifice. The cornerstone for the new church was laid in a ceremony conducted Sunday afternoon, July 29, 1877. Once started, construction work progressed rapidly. On Sunday, March 3, 1878, Bishop Francis **McNeirny** dedicated the church and the pastor, Rev. H. A. **Cluever**, delivered the first sermon.

On Sunday, October 9, 1884, the congregation of St. Joseph's attended a ceremony within the church that generated almost as much interest and excitement as the dedication of the church itself six years earlier. This was the ceremony of the bells and all who worshipped that day viewed it as the crowning touch to the building of their new church.

The pastors of St. Joseph's Church have been:

St. Joseph Schenectady, New York

FROM THE PUBLISHER

This is another new répertoire in a series of about 30 parishes from which David L. **Bonitatibus** received permission to copy. The pastor of St. Joseph's in Schenectady, NY at the time was Father Bernard J. **Gustas**, who granted permission to produce this répertoire. David, Nicholas John **Pires Frois** and David's mother, Sioban **Dussault Bonitatibus** started copying these records in sequence with the other churches in the Schenectady/ Albany area.

This is a critical step in the process and requires many hours to complete. Each page is checked to be sure no information is omitted from the photocopy. Sometimes the early records are fragile from age and must be handled very carefully.

We are grateful to all the volunteers who worked long, tedious hours in the production of the *répertoire* you are holding. As you can see below, there are many phases of production that go into the making of a *répertoire*.

THIS BOOK AND ITS CONTENTS

This *repertoire* contains 4,100 burials that occurred from November 1862 to February 2006.

Our policy when producing a burial répertoire is to extract as much genealogical information as possible from these handwritten records. Some records have very little information and others are brimming with genealogical data. It is not our policy to second-guess a pastor's intent decades ago. When in doubt, we enter the record as we find it and leave the decision of usefulness to the researcher.

It is also our practice to enter the data as it appears in the original document, however, if there are discrepancies that cannot be resolved as a transposition or typographical error, the researcher is encouraged to contact the parish priest to ask for permission to see the original documents. If, with all our data entry and proofreading experience, information cannot be deciphered, we leave the final choice to the user of the information.
