St Luke Roman Catholic Church

Schenectady, New York

1916 to present

When many new nationwide parish building projects were put on hold while our men were fighting overseas during WWI, the Parish of St. Luke building project went forward. In early 1915 the people attending St. John the Evangelist in downtown Schenectady had requested a church in the uptown area closer to where they lived. With cars still not overly popular, people who lived in the quiet area known as the central park area of Schenectady, sometimes faced hardships in trying to get to the new St. John's as it was then known. This parish would serve a large amount of first and second generation Irish and French-Canadian Americans. At this time it was one of the few parishes built that was not founded to serve a certain ethnic group. Today it is now known as a territorial parish.

With Schenectady Locomotive and Edison Works in full operation, Schenectady became a melting pot of immigrants from all around the world as they had heard the streets were "paved in gold", bringing Schenectady over 100,000 people, many of them Roman Catholics. Many of the founding fathers of St. Luke's held more of the white-collar jobs with the two largest employers. At that time St. Luke's was known as the upper-middle to middle-class neighborhood of Schenectady. In those days it was like going to the country, as it was a mile outside the downtown area.

His Excellency the Most Reverend Thomas F. **Cusack**, Bishop of Albany, formally established a new parish as a division from St. John the Evangelist parish. The new parish was placed under the patronage of St. Luke and the first pastor, Reverend Martin T. **McMahon**, celebrated Mass on Sunday, July 30, 1916 in Tuxedo Hall, which was used as a temporary church.

During the summer of 1919 Rev. **McMahon** began construction of the basement of the church with C.G **Van Rensselaer** as Architect and Matthew **Ryan** as General Contractors. The corner stone of this church was laid by the Most Rev. Edmund F. **Gibbons**, D.D. Bishop of Albany on November 1, 1919. The holy Sacrifice of Mass was offered for the first time in the new basement of the church on Palm Sunday March 28 1920. It was observed from the beginning that Tuxedo Hall could only be used as a temporary measure until plans could be made for a new church. Being a new parish, limited in finances, it was only possible to start with a basement church.

Due to the zeal of Father **Dasey**, the parish grew considerably during his seven years as pastor. The parish debt was paid off and all the parish societies were canonically erected.

In 1923 foundation of the Carmelite Nuns was made and the public chapel built within the boundaries of the parish. In 1932 the Franciscan Sisters of the Atonement,

Greymoor, New York came to the parish and took residence in a two-family house on State Street having been purchased and remodeled for use as their convent and a similar house next door converted for use as a school of Religion.

The erection of the present St. Luke church was started April 13, 1936. James J. **O'Shaughnesay** was the Architect and Welsh Brothers of Cambridge, MA were the contractors. The corner stone was laid July 26, 1936 by the Bishop **Gibbons**, the same Bishop who dedicated the new church February 7, 1937.

The construction of the rectory was started in 1948 and completed and opened for occupancy July 11, 1949. In the early 1950's a financial campaign was conducted for the erection of a new school and convent. Ground-breaking for the school was July 2 1954; the corner stone was laid Oct 3, 1954 by Bishop William A. **Scully** Coadjutor Bishop of Albany. In September 5, 1955 the new school opened with a large class of students, under the guidance of the Sisters of St. Joseph of Carondelet from Troy NY. Over the years the school did very well and even had a population of over 1200 children and over 20 Sisters St. Joseph staffing the school in its peak years.

But like many inner-city parishes St. Luke's is facing financial hardship due to the shift of Catholics moving out and non-Catholics moving in. This part of Schenectady has become a lower-income area with a high crime rate. So it was evident the parish school after almost 50 years of educating thousands of children was forced to close its doors at the end of the 2002-2003 school years. Father Dominic **Isopo** has been pastor since the mid-1990s and has done a wonderful job on updating and remodeling the 70-year-old parish, making it feel like home for people of this great parish.

St Luke's, like many parishes across the country, has seen its share of population and neighborhood changes. At this time St. Luke's is a thriving Catholic community blessed to have the pastor they have, who has guided them into the 21st century.

The information for this history was extracted from the 50th Anniversary booklet and the remaining 44 years were researched by David L. **Bonitatibus**.

FROM THE PUBLISHER

Permission to copy all of Saint Luke, Schenectady, marriage records was granted by Father Dominic P. **Isopo**.

Copying the records is the most critical step in the process and requires many hours to complete because some of the early records are so fragile making it difficult to handle them. The parish records were copied with the help of David L. **Bonitatibus**.

We are grateful to all the volunteers who worked long, tedious hours to produce the repertoire you are holding. As you can see below, there are several phases of production that go into the making of a repertoire.

Photocopying Records: David L. **Bonitatibus** and Joseph David **Schmid**.

Data Entry: Kathleen Gallagher **Brearton**, Claire M. Doiron **Phillips**, Roger R. **Proulx**, and Lisa Dougherty **Walsh**.

Proofreading: Kathleen Gallagher **Brearton**, Kathleen Koza **Grabo**, Lynn Carey **Grice**, Margaret Connors **Harrigan**, Carol Rothenheber **Schrom**, Lynne Dignum **Sisk**, and Lois Cruden **Yunker**.

THIS BOOK AND ITS CONTENTS

This *répertoire* contains 5680 marriage records that took place from January 1917 to August 2003.

As is our policy when producing a marriage *répertoire*, we duplicate our database and reverse the order of the data in each record so that the primary person is the bride. These two databases are merged and sorted alphabetically. This, in effect, puts family groupings together and eliminates having to index the brides under their maiden name in the back of the book.

The surname of the father is not repeated when listing parents except in the case where a woman has been married more than once. If the maiden name is known, an asterisk is placed after the father's given name indicating that more information is noted at the end of the record. If there is doubt as to which name is a surname from a previous marriage, remember we enter the record in its original form leaving the researcher to determine a person's name at birth.
