DEATHS VOL. 1	-----	1-228

INTRODUCTION

Robert R. Pelland is a long time member of AFGS. Born in Bellingham, Massachusetts, he has lived there all his life. He is the fourth of five children of the late Herve Pelland and Alma Leclaire. He graduated from Bellingham High School. Robert served as a radar specialist in the United States Air Force during the Korean Conflict. He is a well qualified genealogist and has an extensive knowledge of the Blackstone Valley families. Considered by many to be a tremendous resource for AFGS, his advice is greatly sought out by visitors to the AFGS library. He is involved in many other projects including: **The Early Franco-American Marriages of RI** and research on the families mentioned in Marie Louise Bonier's book.

This present work represents many years of research and is intended to supplement Mr. Pelland's earlier work **Franco American Burials of the Woonsocket, RI Area and Ascendance**. Mr. Pelland has recorded deaths in and around the Woonsocket, RI area. He has then done his best to trace the deceased person's genealogy back a generation or two - sometimes all the way to Canada. This genealogical information is most helpful to those people who are tracing these families.

AFGS is proud to present this latest edition in its growing collection of Franco-American resources. We have made every effort to present complete and accurate information for your use. Various spellings should be checked when looking for a name. English versions and "dit" names should be checked as well. Records were compiled from funeral home records, obituaries, cemetery records, church records and civil records. This information was enhanced by information found in local and Canadian marriage repertoires, baptismal records and census records. Please use this information as a starting point but always check the information with a primary source whenever possible.

We extend a thank-you to: Robert Pelland who did an enormous amount of work researching these families; David Coutu who typed the records on his computer; Lucile McDonald who edited the manuscript; Jan Burkhart who printed the final draft; Janice Burkhart who completed the final edit and oversaw the project; Paul Delisle who printed the books; Lucile McDonald and Raymond Desplaines who collated and bound the books; and all the society members who volunteered their time to help complete the project. Every effort has been made to provide a clear, accurate tool for your use. Constructive criticism, additions and/or deletions may be sent to:

**A.F.G.S.
P. O. Box 830
Woonsocket, RI 02895-0870
Attention : Library Committee**

This work will continue to grow as we are confident that Mr. Pelland will continue to add new records as they become available.

WHAT IS THE AMERICAN-FRENCH GENEALOGICAL SOCIETY?

The American-French Genealogical Society was formed in February of 1978 as a non-profit genealogical and historical society devoted to people of French Canadian extraction. Its purpose is to study and preserve the rich Franco-American heritage by assisting its members in discovering their ancestors and the daily events that shaped their lives.

The Society is actively involved in extracting, collating and publishing Franco-American vital statistics, parish registers, burial records, and other data consistent with the preservation of the Franco-American culture. From time to time French lessons are given. The Society is also actively involved with the National Park Museum which has been established in Woonsocket and has cooperated in several projects with the Park staff. In addition the Society participates, along with 24 other genealogical societies, in the very successful New England Regional Genealogical Conference which is held every 18 months.

A.F.G.S. offers many other attractions. Weekly research sessions are held at our library in Woonsocket, RI each Monday from 11 am to 4 pm; Tuesday from 1 pm to 9 pm; and on Saturdays, 10 am to 4 pm, from September to June. An annual business meeting and election of officers is held each October. A semi-annual publication, "**JE ME SOUVIENS**", (written in English), is sent to each society member. This publication is 100 plus pages and is very informative. The Society also publishes six newsletters, "AFGnews", each year.

The A.F.G.S. library has more than 10,000 volumes devoted to history, family history, biography, reference, and birth, marriage and death statistics. The Research Committee, comprised of experienced researchers, is available to assist members who are unable to conduct their own research. The Loiselle, Rivest, Fabien and Forget Files are available to assist in the search for those particularly difficult marriages that may be eluding you. The Society also owns all four Drouin collections as well as the prestigious and unique Drouin Institute film which comprises all of the births, marriages and deaths recorded in Quebec and other French speaking parts of Canada through the year 1940. In addition, assorted microfilm from Canada, Vermont, Rhode Island, New Hampshire and Massachusetts are available for use in the library. A new Lending Library service makes valuable resources available to members living far from Woonsocket and the library. A large collection of Franco-American marriage notices, anniversary announcements and obituaries have been gathered from across the country. (There are also projects that members across the country are helping the society to complete.)

If you are interested in joining A.F.G.S. or would like more information, please write to:
