Introduction

Voici le résultat de plusieurs centaines d'heures, d'un travail débuté en septembre 1984. L'information a été relevée des microfilms des Archives Nationales du Canada. Cette tâche n'a pas été facile à cause de la difficulté à déchiffrer l'écriture unique, phonétique et massacrée des recenseurs.

La ville de Buckingham est située sur les rives de la rivière du Lièvre dans l'Outaouais à une quarantaine de kilomètres au nord-est d'Ottawa et à environ 160 kilomètres à l'ouest de Montréal.

Au 19ième siècle, la population de Buckingham se composait de gens venus des quatre coins du monde, de 18 pays, pratiquant 12 religions différentes, exerçant plus de 200 métiers.

Cette transcription donne le nom de la personne, l'âge, le lieu de naissance, la religion et le métier/profession. Il m'est apparu important de vous faire connaître nos ancêtres par l'entremise de ces recensements nominatifs.

Ce livre, publié grâce à la Société de généalogie de l'Outaouais, deviendra certainement un outil essentiel pour toute personne s'intéressant à ses racines et à l'histoire de notre ville.

Particularités

N.B: Le numéro apparaissant au-dessus du nom de famille indique le numéro de famille sur le microfilm.

Recensement de 1861

Exemple: #87 indique le numéro de page sur le recensement.
Pour les enfants adoptés, les pensionnaires etc.: ces personnes sont inscrites, sans aucune précision pertinente à leur famille de logement.

Recensements de 1871 et 1881

Exemple: #154 indique la 154^{ième} famille sur le microfilm.
Pour les enfants adoptés, les pensionnaires etc.: #154 signifie que cette personne seule ou mineure habite avec la famille correspondante à son numéro, dans cet exemple-ci avec la famille #154.

Recensement de 1891

Exemple: Sec 2 Ref 33: l'information se trouve dans la section 2 du microfilm, la famille numéro 33.
Pour les enfants adoptés, les pensionnaires etc.: Sec 2 Ref 33-1 signifie signifie que cette personne habite chez la famille 33 de la section 2 du microfilm. Le tiret indique l'ordre de présentation de la personne sur le recensement.

Les Archives Nationales du Canada n'ont aucun recensement nominatif pour les années 1831, 1841 et 1851 pour Buckingham: soit qu'ils ont été égarés ou encore n'ont pas été faits.

Les relevés de recensements dans ce volume sont pour la ville de Buckingham SEULEMENT, à l'intérieur des limites de cette ville; les "Townships" ou municipalités ne sont pas incluses.

Les recensements de 1861 et de 1871 sont les seuls à fournir une liste de personnes décédées durant les douze derniers mois.

Afin de conserver l'intégrité du document j'ai respecté la graphie originale et la langue de présentation. Toutefois les familles ont été placées par ordre alphabétique.

L'absence d'information indique que cette dernière est totalement illisible, manquante, ou non-pertinente dans les documents originaux consultés.

La politique des Archives Nationales du Canada impose une période de confidentialité de 92 ans sur les données des recensements; c'est pourquoi celui de 1901 ne sera accessible qu'en 1993.
