1870 - 1987

françaises et 28 familles mixtes. En 1962, la population de FINCH s'élevait à 410 habitants.

La paroisse St-Bernard de Finch n'a été fondée qu'en 1945. Mais, depuis 1889, la population catholique de Finch a une église St-Bernard à titre de desserte de Chrysler, jusqu'en 1945.

INGLESIDE: La paroisse "Our Lady of Grace" a été fondée en 1957 et son église fut construite la même année. Elle dessert également la mission de Long-Sault, qui a son église S. Pie X, également depuis 1957.

MOOSE CREEK: Moose Creek est situé à quelque 20 milles au nord de Cornwall, aux côtés d'un ruisseau qui porte le même nom. La population pionnière est de souche écossaise et ce n'est que vers la seconde moitié du 19^e siècle que les colons canadiens-français s'installent dans cette petite localité, voisine du chemin de fer Canadien National. En 1870, Moose Creek est une mission de Chrysler et c'est en 1883 que la paroisse Notre-Dame-des-Anges est fondée, soit deux ans après l'arrivée du chemin de fer qui relie Montréal et Ottawa.

L'église actuelle a été construite en 1908 et ouverte au culte le 27 septembre de la même année. Avant qu'une chapelle y soit construite en 1862, les prêtres et les missionnaires du diocèse d'Ottawa y font leurs visites régulières. C'est le 28 décembre 1882 que Moose Creek fut érigé en paroisse par un décret de Mgr J.V. Cleary, évêque de Kingston.

ST. ANDREW'S WEST: Cette paroisse, la plus ancienne de toute la région, a été fondée en 1785. Une église y a été construite en 1788 et une autre en 1860. C'est la plus vieille église du comté. St. Andrew's West est situé tout près de la ville de Cornwall, côté nord.

Février 1987.
